5 Easy Steps

- 1** Confirm that your tester has been pre-approved by BJU Press. If not, the appropriate application forms can be downloaded at www.bjupress.com/go/testing/forms. You'll need to work out the details of scheduling, location, fees, and so on.
- 2** Complete all customer and qualified tester information on the order form including all necessary signatures. Or simply place your order online at www.bjupress.com (you'll need your tester's ID number, and you will also be required to verify that the tests you purchase are for homeschooled students). Orders should be placed at least 6 weeks prior to your test date.*
- 3** Expect Category 1 test materials to arrive to the approved tester no later than 2 weeks prior to your test date.
- 4** Return all tests for scoring or refund within 50 days of receipt. Return packaging is provided, but the tester is responsible for return shipping. Any rebates or refunds will be processed after the tests are returned to BJU Press.
- 5** Receive test results and an interpretation guide approximately 6–8 weeks following the return of the completed tests.

*To avoid duplicate orders, please submit your order only once. BJU Press is not responsible for duplicate orders resulting from multiple submissions. All information must be complete or your order may not be processed. Faxing your order does not guarantee faster processing.

To order, read and complete all applicable pages, including the totals page (page 16). Please note all signature lines and required information on the next page. Consider these guidelines before placing your order.

Order placed for individual family

- Category 1 materials will be sent to the person listed on the order form as the approved tester, and results will be sent to the person ordering the test (customer).
- Orders must be paid with a check or an approved credit card.

Order placed as a group for several homeschool families

Group orders from more than one family must be mailed using one of the following methods:

- By a coordinator who collects individually completed orders with full and separate payment attached to each order. (Results in this case will be sent to each individual purchaser.) This method helps assure that all materials are shipped to the tester at one time.

OR

- As one combined order on a single order form, mailed in by a group tester/coordinator, paid for with one payment (no multiple checks), and listing only one “ship to” address. For orders so placed, results will be sent to the one who places the order (tester/coordinator). Orders for 25 or more tests using this method are eligible to receive a rebate. (See website for further rebate information.) Please note that the required Verification of Homeschooling (see Customer Information section on the following page) must be signed by the one placing the order.

Of course, security is a top priority for standardized tests. If you are the tester, please be careful to protect each achievement and abilities test you receive and to return the completed tests to BJU Press Testing by the due date stamped on the blue **Checklist and Guidelines for Testing** enclosed with your shipment. These measures will help us (1) keep down the cost, (2) preserve the validity and value of test results, and (3) maintain a favorable working relationship with the test publishers and perpetuate our ability to provide the best nationally recognized tests. **Please be sure to request that students not write or mark in the student booklets unless specifically instructed otherwise.**

Note also that some forms of these tests may be restricted in some parts of the country. The restriction (embargo) simply means that the publisher of the test has an exclusive contract with the public schools in that geographic area. In such cases we will send an alternate form of the test. This situation should not significantly affect test results, but the information is provided for those to whom it applies. A current list of restricted areas for each test is available on our website at www.bjupress.com.

If ordering **Stanford tests**, is any student related to his/her tester in any way? (See website FAQs.) Yes No
If yes, please provide name(s) and grade level(s).

Tester Information

Please complete this section if you are also the **Approved Tester*** for these tests. Skip to the next section if the **Approved Tester*** is someone other than you.

I am the tester for the tests on this order. I agree to maintain full security of all test materials and not discuss test content with any other parent or with any children, including my own. I agree that I will not make copies of the tests or distribute the tests elsewhere. The tests will be used solely for the purpose of testing homeschooled students. I understand that my signature below is legally binding.

*If this order includes any **Stanford** tests, I agree that I will not administer any of the Stanford tests to any relative unless two or more nonrelatives are tested simultaneously with my relative(s) in each test level group. I understand that results will not be provided if this stipulation is violated.*

Category 1 The Iowa Tests® (See page 3)

Returned within 50 days • Require approved tester

Choosing a level:

If testing between October 1 and the end of the school year, request the test level for the grade in which the student is currently enrolled. If testing between the end of the school year and October 1, request the test level for the grade most recently completed. Student's reading ability should be considered when ordering a test.

The Iowa Tests (ITBS®-ITED®)

An order here provides an achievement test only; if you prefer to combine achievement testing with one or more of the other optional tests, choose from one of the next three sections.
