

5 Easy Steps

- 1** Confirm that your tester has been pre-approved using the appropriate two page application at <http://www.bjupress.com/services/testing/forms.html>.
- 2** Complete all customer and qualified tester information on the order form including all necessary signatures. Or simply place your order on the Web at www.bjupress.com. Orders should be placed at least 6 weeks prior to your test date.*
- 3** Expect Category 1 test materials to arrive to the approved tester, no later than 2 weeks prior to your test date.
- 4** Return all tests for scoring or refund within 50 days of receipt (tester's responsibility).
- 5** Receive test results approximately 6–8 weeks following the return of the completed tests.

To order, read and complete all applicable pages, including the totals page (page 100). Please note all signature lines and required information on the next page. Consider these guidelines before placing your order.

Order placed for individual family

- Category 1 materials will be sent to the person listed on the order form as the approved tester, and results will be sent to the person ordering the test (customer).
- Orders must be paid with a check or an approved credit card.

Order placed as a group for several homeschool families

Group orders from more than one family must be mailed using one of the following methods:

- By a coordinator who collects individually completed orders with full and separate payment attached to each order. (Results in this case will be sent to each individual purchaser.) This method helps assure that all materials are shipped to the tester at one time.

OR

- As one combined order on a single order form, mailed in by a group tester/coordinator, paid for with one payment (no multiple checks), and listing only one “ship to” address. For orders so placed, results will be sent to the one who places the order (tester/coordinator). Orders for 25 or more tests using this method are eligible to receive a rebate. (See page 79 for further rebate information.) Please note that the required Verification of Homeschooling (see Customer Information section on the following page) must be signed by the one placing the order.

Of course, security is a top priority for standardized tests. If you are the tester, please be careful to protect each achievement and abilities test you receive and to return the completed tests to BJU Press Testing by the due date stamped on the blue *Checklist and Guidelines for Testing* enclosed with your shipment. These measures will help us (1) keep down the cost, (2) preserve the validity and value of test results, and (3) maintain a favorable working relationship with the test publishers and perpetuate our ability to provide the best nationally recognized tests. **Please be sure to request that students not write or mark in the student booklets unless specifically instructed otherwise.**

Note also that some forms of these tests may be restricted in some parts of the country. The restriction (embargo) simply means that the publisher of the test has an exclusive contract with the public schools in that geographic area. In such cases we will send an alternate form of the test. This situation should not significantly affect test results, but the information is provided for those to whom it applies. A current list of restricted areas for each test is available on our website at www.bjupress.com.
