# NEW *for* 2024

## Reading 1

Equips young students to read a variety of genres with fluency, enjoyment, and discernment.

## Math 1

Offers students a biblical foundation in mathematical concepts, skills, and reasoning so that they can solve real-world problems.

## Phonics & English 1

Builds foundational phonics and English skills in young students so they become proficient readers and learn to communicate in considerate ways.

## New Look, Same Content!

*Handwriting 1* and *Spelling 1* have been updated with new visuals for enhanced student experience.

## Handwriting 1

Nurtures foundational handwriting skills in young students so they can begin to express themselves fluently and accurately.

## Spelling 1

Helps students develop foundational spelling skills and recognize spelling as a tool to honor God and to love and serve others through writing.

### Heritage 4

Equips students to summarize United States history; analyze regional and state cultures of the United States and its territories; and examine and evaluate actions, decisions, and movements from a biblical worldview.

### Biology

Enables students to ethically engage in biological inquiry and to understand life's design, stability, and protection from a biblical worldview.

### Writing & Grammar 10

Equips students to apply grammar skills and strategies in writing, speaking, listening, and viewing so they can craft effective communication shaped by a biblical worldview.

### Algebra 1

Equips students to skillfully make and use algebraic models for solving real-world problems.

### Bible 12: Ethics

Encourages students to grow in character and biblical thinking so they can make wise ethical choices and defend the Christian faith from a biblical worldview.

**Streamline your workload and engage learners like never before.**

# bjupress **trove**<sup>TM</sup>

**Introducing Trove — the premier learning experience platform for teachers and students using BJU Press materials in schools.**

- **Extensive resource library** with over 40,000 teaching aids for K–12
- **High level of customization** to fit any classroom experience
- **Web-based** for online access anywhere, anytime
- **Easily usable by any school** whether you have limited devices or one device per student
- **User-friendly student portal** that connects learners to eTexts and resources

Learn more at

**[BJUPress.com/technology/Trove](https://BJUPress.com/technology/Trove)**

# Teachers

Building on the best features of our previous technology solutions, Trove makes it easier than ever to find instructional resources, build sharable lesson plans, create digital or printed assessments, and interact with students in an online format.

## Tools for Today's Teachers

### FIND INSTRUCTIONAL RESOURCES

Use **Trove's expansive library of digital resources** to enhance your teaching strategies and free up valuable time. Plus, with **robust search and filter functions** you can quickly locate the materials and assessments you need without all the extra clicking. You can even preview resources without downloading or converting.

### BUILD AND SHARE LESSON PLANS

**Trove's playlist feature** makes lesson planning a breeze. Create playlists and share with co-teachers, administrators, or substitute teachers! Simply select lesson materials from Trove's resource library or add your own, then launch your playlist to seamlessly access all lesson materials during your instruction time.

### CONNECT WITH STUDENTS

Trove allows teacher-student interaction with available digital assessments and eTextbook or eWorktext assignments. Teachers can share BJU Press or teacher created resources with any student who is using BJU Press digital content. Computer-gradable assessments makes grading homework or assessments easy.

### CREATE DIGITAL OR PRINTED ASSESSMENTS

The **Trove assessment builder** gives you the power to customize student assessments and take advantage of autogradability options — saving you grading time and giving students immediate feedback on their performance. Assessments can also be printed out for conventional classroom use.

**Choose from over 70 professional development courses!**

### **Microsoft PowerPoint® presentations**

Pre-designed, **editable Microsoft PowerPoint® presentations** give you a quick starting point.

### **Lesson Plan Overviews**

Plan ahead with editable **Microsoft Word® lesson plan overviews** of each day's objectives, content, and needed materials. Use **BJU Press curriculum map PDFs** to help prepare your own curriculum maps.

### **Media**

**Video and audio segments** provide enrichment for your lessons, allowing you to customize your instruction and engage your students.

### **Additional Resources**

**Instructional aids, weblinks, maps, charts, games, artwork, answer keys, and more** are all available to support you as you present lessons, reach struggling learners, and challenge all students in their learning.

### **Assessments**

**Trove's assessment feature** allows you to use a bank of questions to create customized quizzes and tests for print or online use. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

### **eTexts**

Access **BJU Press teacher and student eTexts and eWorktexts** anywhere, on any device. Includes offline availability.

### **Professional Development**

Over **70 free workshops** give you tools to keep growing as an educator.

# Students

Trove offers your students the convenience of accessing BJU Press materials, class resources, and assessments online from any device, anywhere.

## Connection for Today's Students

- **Simple, easy-to-use portal** created with students in mind.
- With **eTextbooks and eWorktexts** students can read, take notes, and even complete assignments all within Trove. **Text-to-speech and improved accessibility** features come with each eText, and mobile apps with downloading features provide offline learning options.
- Students can receive **content, assignments, and assessments** from teachers.
- Students can easily complete assessments within Trove. **Autogradable assessment features** give students immediate feedback on their work.

You can project resources or individually share them with students who have Trove access.

# Get Trove for Teachers

An **Annual Trove School Site License\*** gives all teachers at your school access to the Trove teacher resources, including eText copies of student and teacher editions.

## Add Trove for Students

**Students can now access eTextbooks or eWorktexts\*** through the Trove platform. New, affordable bundled pricing makes both print and digital access options possible, so teachers and students can benefit from the full digital experience.

\*See page 101 for pricing.

## New in 2024

Visit our website to sign up for exclusive updates.

## Early Childhood

BJU Press early childhood materials leverage strategic play in the context of preschool, K4, and K5 instruction to build foundational skills for elementary school. We have designed each level to gradually prepare young learners with the foundations they will need for future education. We use songs, games, and characters to introduce students to phonics skills, numbers, shapes, letters, colors, and more.

# Early Childhood

**BJU Press's early childhood program** develops foundational knowledge and skills in Bible, math, social studies, science, handwriting, and language arts for future grades. This program, flexible for all types of learners at all stages of learning, develops the joy of learning through both teacher-guided and independent discovery-based activities. Daily themed lessons teach foundational skills that are supported with music and engaging visuals. Free play at intentional learning centers encourages natural curiosity, while group activities encourage social-emotional development. Biblical worldview themes point students to a knowledge of God and His will.

## Vision

To enable students to develop foundational knowledge and skills through guided activities and independent exploration that leads to the joy of learning and an ability to relate biblically to their authorities and peers.

## Goals

- To teach students foundational phonics to prepare for reading with understanding
- To guide students to apply foundational Bible, math, science, and social studies skills
- To give students opportunities to communicate through listening, speaking, and composing
- To guide students to relate biblically to their fellow students, authorities, and other people in their communities
- To provide students with opportunities for hands-on learning, discovery learning, and intentional play
- To equip students to apply the knowledge of God to how they think, learn, and play

# EARLY CHILDHOOD Pathways for Preschool

Gather two- and three-year-olds for circle time at the Big Red Barn! New animal friends will introduce learning through play with songs, rhymes, games, crafts, snacks, stories, learning activities, and much more. This research-based, developmentally appropriate program prepares students for future learning, using activities and games that encourage phonemic awareness and letter and number recognition.

## Instructional Materials

### Teacher Edition

This teacher edition provides a flexible format for a 2-to-5-days-per-week schedule for 9 to 12 months per year. With an emphasis on interaction, play, and experiences, the teacher edition allows flexibility while providing a structure to systematically work through skills in an organized and purposeful way. The book includes activities that promote prereading skills with phonemic awareness and letter recognition. It also includes math, social studies, and science segments as well as optional advanced segments for math and phonics.

### Teaching Visuals

The teaching visuals packet includes engaging charts that are big enough for children to see yet easy for teachers to handle. These charts and visuals introduce themes, shapes, colors, numbers, letters, and nursery rhymes. Colorful shape manipulatives may be punched out to help children understand pre-math concepts, such as counting, sorting, and patterning. This packet also includes the pieces to create the interactive Big Red Barn used in circle time. These materials are now available on Trove.

### Pricing

For Teachers	
<b>Teacher Edition</b>	<b>88.50</b>
<b>Visuals</b>	<b>86.75</b>
Hoppy Tunes CD	39.00
For Students	
<b>Activity Packet</b>	<b>31.00</b>

### Activity Packet

The activity packet contains theme-related pages of activities and crafts. Children learn to trace, match, cut, and color to reinforce the skills and concepts from the lessons. Three pages of stickers add to the fun.

## EARLY CHILDHOOD

# Footsteps for Fours

Max and his animal friends bring four-year-olds to the Teaching Tree for more learning opportunities! Young learners explore foundational math, phonics, and prereading skills with their teacher and each character. Interactive lessons introduce music, science, language arts, social studies, and handwriting on an age-appropriate level. Learn more at [bjupress.com/category/k4-footsteps-for-fours-curriculum](http://bjupress.com/category/k4-footsteps-for-fours-curriculum)

### Additional Subject

#### K4 Bible: Walking God's Way

Illustrate godly character traits with stories from the Old and New Testaments as well as modern-day application stories. Each of the 165 teaching cards features full-color, realistic artwork on the front and teaching instructions on the back. An additional student packet offers learning activities and practice opportunities.

### BJU Press Trove™ Teacher Resources

Get your early learners busy with a wealth of digital resources to help keep them engaged and motivated for learning! Trove offers visuals, digital teacher editions, instructional aids, lesson plan overviews, and curriculum maps for all preschool and kindergarten programs, except K4 Bible. For Footsteps for Fours, Focus on Fives, and Math K5, you have access to editable Microsoft PowerPoints® slides to introduce new concepts with colorful visuals and embedded audio and video and help you save time in preparing.

Trove Microsoft PowerPoint® slides aren't in detailed outline style. Instead, each presentation is short enough for students to stay engaged and is full of fun visuals and audio and video selections.

See pages 4–9 for more information on BJU Press Trove and availability information.

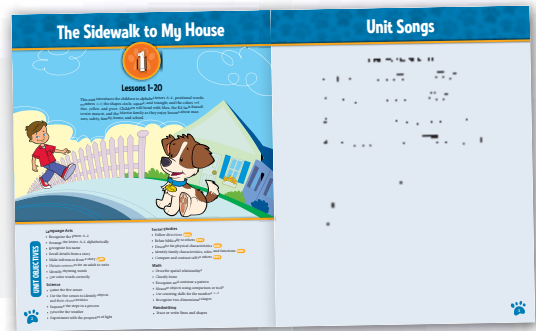

## Instructional Materials

### Teacher Edition

This four-volume teacher edition includes daily lessons and suggested activities to set up each interactive learning experience and begin biblical worldview shaping. Lessons incorporate prereading skills with phonemic awareness and phonics, math, handwriting, social studies, and science activities.

### Interactive Learning Materials

This visual and hands-on program includes teaching visuals, the Teaching Tree and phonics charts, a puppet, backpack, and fifty practice cards with letters, numbers, shapes, and colors.

### Practice Packets

The activity and writing packets reinforce skills introduced in each lesson, giving students practice opportunities to develop crucial learning skills, such as hand-eye coordination, fine motor and handwriting skills, reading left to right, alphabetizing, and number order. Teachers can also use these packets as formative or summative assessments.

### Audio Files

Audio files are available with theme-related songs and listening selections on Trove.

### BJU Press Trove™

Trove provides teachers with a wealth of premium resources that expedite lesson planning and encourage interactivity in the classroom. For more information, see pages 4–9.

# Instructional Materials

## Teacher Edition

This six-volume teacher edition offers activities to engage early learners in 180 developmentally appropriate lessons. It includes activities and strategies for using the 34 reading books and teaching skills in language, science, social studies, art, and more. The instructional materials begin worldview shaping by encouraging students to apply the course’s key biblical worldview themes.

## Worktext and Readers

The worktext provides opportunities for practice and assessment for science, social studies, phonics, reading, and handwriting. Weekly evaluation pages and additional pages at the end of each unit track students’ progress. The 34 reading books help develop word recognition and other early reading skills.

## Visual Learning Materials

Phonics charts, phonics and review cards, and a visuals packet give teachers resources for interactive, engaging lessons.

## Practice Packets

The Phonics Practice and Write Now! Handwriting packets reinforce skills introduced in each lesson, giving students practice opportunities to develop crucial learning skills.

## Audio Files

Audio files are available with theme-related songs and listening selections on Trove.

## BJU Press Trove™

Trove provides teachers with a wealth of premium resources that expedite lesson planning and encourage interactivity in the classroom. For more information, see pages 4–9.

## Additional Subjects

### K5 Math

Cheddar and Farmer and Mrs. Brown explore the world of numbers together! Each lesson uses manipulatives to build number sense and other early math skills. Learn more on pages 43–45.

### K5 Bible: Exploring God’s Word

Introduce your early learners to basic Bible literacy through engaging story cards that help them understand the storyline of Scripture. Learn more on pages 72–74.

## Elementary, Middle & High School

Our full range of student and teacher materials cover all core academic disciplines for Grades 1 through 12. We also provide materials for Bible and foreign language electives. In alignment with our standards for biblical worldview shaping and excellence, all our materials have been written according to biblical worldview foundations and incorporate research on best practices in teaching. Together, our materials equip teachers with abundant resources for developing knowledge and skills, engaging students, planning effective lessons, using different teaching strategies, and assessing students' development.

# Phonics

**BJU Press's systematic and explicit phonics instruction** equips students to comprehend text and become fluent readers, as well as readers of the Bible. Phonics instruction includes phonemic awareness strategies as well as phonics practice using phonics stories and characters, phonics songs, rhyming songs, read-alouds, and multisensory activities that combine letters and sounds into real words. Word families provide the basis for phonics instruction, correlating phonics with reading and spelling instruction as well as writing and grammar. Phonics instruction covers short and long vowels, consonant blends, digraphs, *r*-influenced vowels, special vowel sounds, silent consonants, suffixes, and syllable division.

*More information on Phonics & English 1 products and pricing is on page 32. More information on Reading 1 products and pricing is on page 23. More information on Spelling 1 products and pricing is on page 40.*

## Vision

To equip students to make meaning from print through phonics instruction, to read with understanding and fluency, to communicate effectively, and to enjoy lifelong reading.

## Goals

- To cultivate reading readiness and spelling consciousness through phonemic awareness
- To teach a phonics approach to reading through systematic, explicit, and multisensory instruction
- To develop decoding skills through application of phonics
- To build vocabulary to improve reading comprehension through context
- To promote fluency through silent and oral practice to ensure accuracy and automaticity
- To equip students to read the Bible and develop a biblical worldview

Phonemic awareness and early phonics skills are first introduced in Pathways for Preschool and Footsteps for Fours. These concepts are then explicitly taught in Focus on Fives, Phonics & English 1, and Reading 1 and 2. Our Reading 3 and elementary Spelling courses also review and reinforce these skills. Please see each subject's respective page for details about necessary materials and technology.

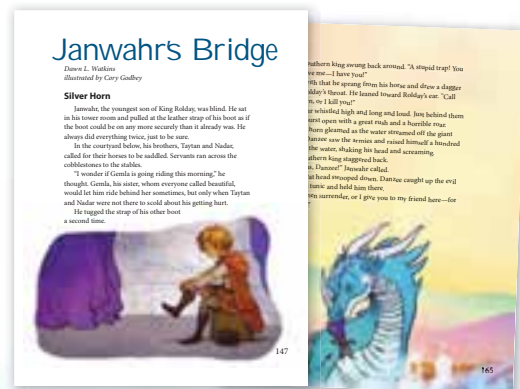

**BJU Press's elementary reading product line** develops student literacy by focusing on literary skills and comprehension strategies. Students build on the phonics foundation laid in the early grades, reading texts of increasing complexity in a variety of genres. Students develop their communication skills through oral and silent reading, responsive writing, and oral presentations. Using the before, during, and after reading process, students learn literary terms, reading strategies, and vocabulary words and learn to evaluate all that they read from a biblical worldview.

## Vision

To equip students to enjoy lifelong reading, to analyze and interpret texts in a variety of genres, to evaluate all that they read from a biblical worldview, and to become effective communicators.

## Goals

- To foster the joy of reading
- To differentiate instruction with reading groups to meet the instructional needs of individual students
- To integrate a systematic phonics approach to decoding and word-work instruction
- To teach vocabulary in context
- To promote fluency through silent and oral practice to ensure accuracy and automaticity
- To enhance comprehension through knowledge-building selections
- To develop discernment by evaluating literature from a biblical worldview

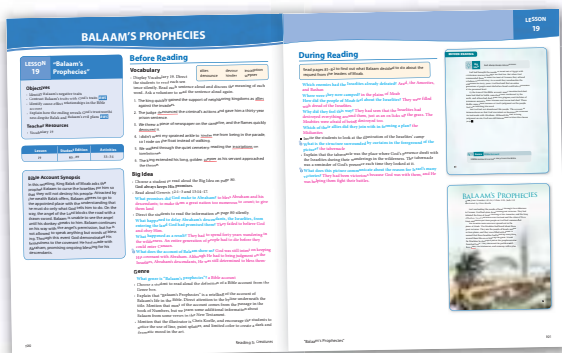

## Instructional Materials

### Student Edition (eStudent Edition Available)

Each reading book offers engaging, age-appropriate selections from a variety of genres to encourage reading success in every student. To make selections more accessible, we have separated the student text into multiple volumes in primary grades.

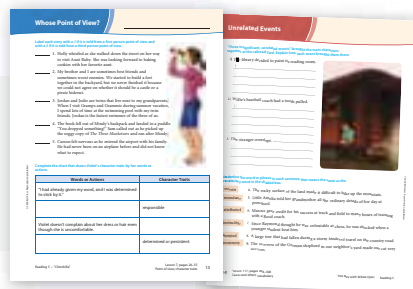

### Teacher Edition

Each teacher edition includes lesson guides that encourage comprehension and fluency in silent and oral reading. Teachers will find resources for shaping a biblical worldview and building critical thinking skills through teacher-led discussions and activities. Additional resources encourage teacher-modeling as students create book reports and practice reading strategies.

### Worktext (eWorktext Available)

The worktext offers practice and assessment opportunities to apply comprehension, critical thinking, and literary skills.

### Assessments

Assessment packets include grade-level-appropriate selections in a variety of genres. Questions about the selections assess the students' reading comprehension and vocabulary skills and prepare them for standardized testing. Reproducible assessments are included with teacher edition purchases for Grades 1–3. Standardized-testing formatted packets are available for purchase for Grades 4–5. Print and digital formats are available.

### Novel Studies

Teaching guides for integrated novel studies are included either as BJ Booklink guides (Grades 2–3) or as a volume of the teacher edition (Grades 1, 4, and 5). Additional novel studies for Grades 1–5 are available on pages 85 and 113.

# Course Overview

# Technology Resources

## BJU Press Trove™ Teacher Resources

Help grow your students' love for reading with a wealth of age-appropriate tools and resources. A Trove subscription includes access to:

- Short video segments that will help engage students as you introduce phonics and vocabulary, new reading comprehension and literary concepts, and even special assignments.
- Editable Microsoft PowerPoint® slides containing appealing visuals, thought-provoking discussion questions, engaging reviews, and more, to aid in quick lesson preparation and students' visual engagement.
- Student eTextbooks to project reading selections for lesson discussions or read-alouds.

See pages 4–9 for more information on BJU Press Trove and availability information.

## Middle School

BJU Press's middle school literature product line offers an enriching literary experience that promotes an appreciation of notable literature and encourages critical thinking. Students use close-reading strategies to engage with a variety of texts from diverse authors and genres, analyzing author's craft, identifying themes, and interpreting meaning. Through before, during, and after reading instruction, students evaluate literary texts and connect text to text, text to self, and text to the world, all within the context of a biblical worldview.

## Vision

To analyze and evaluate texts in a variety of genres in order to cultivate lifelong readers and creative communicators and to formulate a biblical worldview.

## Goals

- To expose students to a wide variety of notable literature from across different cultures and time periods
- To model a variety of reading comprehension strategies
- To guide students to analyze, interpret, and evaluate the central themes and ideas that appear in literary and informational texts
- To develop student writing skills, leading them through the writing process to narrate, inform, argue, or persuade
- To support writing by citing textual evidence
- To encourage vocabulary development through context and domain-specific instruction
- To compare and contrast texts in a variety of genres and disciplines
- To guide students to interpret and evaluate images and relate them to literary texts through visual analysis
- To support 21st century skills through collaborative and individual communication, drawing on textual models and technological skills
- To develop discernment by evaluating texts from a biblical worldview

## High School

**BJU Press's secondary literature** helps students go beyond learning about literature to learning how to interact with literature. Students develop a deeper understanding of their fellow man as they examine texts from different cultures, diverse authors and genres, and a range of time periods. Students use text-focused close reading techniques through a before, during, and after reading approach which emphasizes comprehension and critical thinking. Students evaluate each selection, sharpening their discernment and shaping their worldview.

## Vision

To develop discerning, lifelong readers and creative communicators through the independent analysis and evaluation of historical and contemporary literature in a variety of genres.

## Goals

- To develop cultural and historical literacy that will illuminate the study of literature and informational texts
- To teach a variety of reading strategies and literary skills to help students comprehend, compare, analyze, interpret, evaluate, and create literary texts
- To develop vocabulary acquisition through context and domain-specific instruction
- To offer a broad range of reading opportunities using engaging selections from classic and contemporary literature
- To guide students to interpret and evaluate images and relate them to literary texts through visual analysis
- To engage students in approaching real-world questions from a biblical worldview, leading them to exercise discernment and to formulate biblical responses to the issues raised by their reading
- To provide opportunities for individual and collaborative communication, drawing on textual models and technology skills

## Instructional Materials

### Student Edition (eStudent Edition Available)

Student editions will introduce students to major writers from many different cultures and to foundational terms and concepts for literary criticism. Each selection will encourage them to follow the before, during, and after reading process, and informative sections and discussion questions help them analyze a work's elements and theme, evaluate its literary merit, and view its message from a biblical worldview.

### Teacher Edition

Teacher editions include reduced-sized student pages with margin notes with lesson content, teaching strategies, guides, discussion questions, optional activities, literary analysis ideas, worldview evaluation prompts, and much more.

### Assessments

Assessment packets include grade-level-appropriate summative assessments for each unit, and a final exam in Grade 7 and above. Print and digital formats are available. Test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials. Additional assessment resources are available and vary by grade level.

# Course Overview

The chart below is a summary of the content covered in our literature program. For a more detailed description of content covered in each course, visit [bjupress.com/scope/literature](http://bjupress.com/scope/literature)

## Novels

	<p><b>Perspectives in Literature (6)</b> Offers a variety of selections and reading strategies to encourage and guide students in reading both literary and informational texts. Writing opportunities encourage students to think critically and apply worldview shaping to the selections they read.</p>	<ul style="list-style-type: none"> <li>• <i>The Book of Three</i></li> <li>• <i>A Single Shard</i></li> <li>• <i>Island of the Blue Dolphins</i></li> </ul>
	<p><b>Exploring Themes in Literature (7)</b> Introduces students to intensive critical reading of various genres with the reading process approach. It addresses six themes in literature and explores literary terms, reading strategies, and processes for analysis and appreciation.</p>	<ul style="list-style-type: none"> <li>• <i>The Last Battle</i></li> </ul>
	<p><b>Making Connections in Literature (8)</b> Equips students with the reading strategies and literary skills they need to comprehend, analyze, interpret, and compare texts of various genres. Students will use the reading process approach throughout to evaluate contemporary and classic selections to develop both artistic and biblical discernment.</p>	<ul style="list-style-type: none"> <li>• <i>Across Five Aprils</i></li> </ul>
	<p><b>Fundamentals of Literature (9)</b> Emphasizes analysis of six central components of literature through a literary-critical approach. Units focus on central themes in selections from three main genres.</p>	
	<p><b>Elements of Literature (10)</b> Explores and analyzes six elements and six genres of literary writing through a literary-critical approach. Units cover selections from a variety of world cultures as well as Shakespeare's <i>Romeo and Juliet</i>.</p>	
	<p><b>American Literature (11)</b> Discusses the five periods of American literature from Native American and colonial literature to contemporary literature using the reading process approach. It challenges students' skills of analysis and evaluation.</p>	
	<p><b>British Literature (12)</b> Discusses the five literary periods of British literature from the Middle Ages to modern and contemporary literature using the reading process approach. Students explore the problem of the human condition as it occurs in literature.</p>

## Technology Resources

### BJU Press Trove™ Teacher Resources

Deepen your students' reading comprehension with extra resources that you can use to encourage engagement and add opportunities to your lessons.

- Short video segments introduce new authors, literary terms or concepts, activities, and assignments.
- Editable Microsoft PowerPoint® slides include reviews, vocabulary, new lesson concepts, and discussion questions to help students engage in the reading process approach, guiding them through before, during, and after reading activities.
- To analyze literary works together as a class, access eTextbooks to project selections.
- Trove's assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each unit. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

# ELEMENTARY English

**BJU Press's elementary English writing and grammar product line** connects writing, mechanics, listening, speaking, and viewing together to provide students with a solid English language arts foundation. Students study one part of speech at a time, mastering English conventions through spiral review and ample practice of each skill. Proofreading activities give students practice in analyzing sentences, identifying grammatical errors, and correcting errors within the context of writing. Students follow the writing process to write opinion pieces, informational texts, and narratives. Students develop their craft through teacher modeling and student collaboration as they write in various genres for real-world contexts.

## Vision

To equip students to master foundational grammar and writing skills to craft effective written and oral communication that serves others.

## Goals

- To foster an appreciation of language as a gift from God
- To develop a foundational knowledge of English grammar and mechanics
- To develop study and reference skills
- To teach the writing process for narrative, informative, opinion, and expository writing
- To encourage clear and effective writing through mentor text analysis and regular practice of writing in real-world contexts
- To develop technological literacy through publishing
- To guide the development of collaboration, listening, speaking, and viewing skills
- To provide space for reflection on communication that serves others

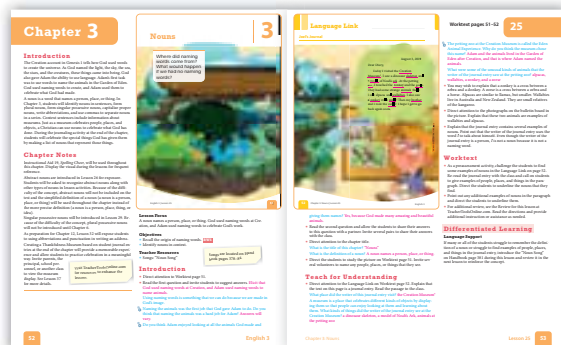

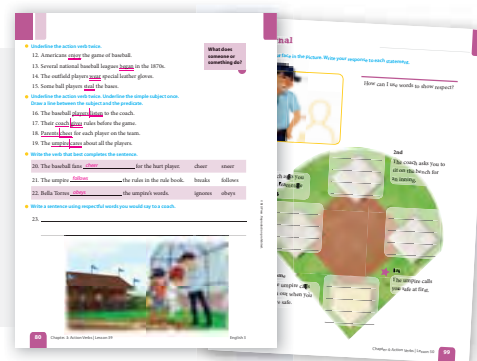

## Instructional Materials

### Worktext (eWorktexts Available)

These worktexts teach traditional grammar through teacher and mentor text modeling as well as independent practice. Students learn writing skills across many genres through the five steps of the writing process. Chapter reviews and cumulative reviews provide a spiral review of skills. Each worktext also contains a writing handbook with a thesaurus, charts for student reference, and more.

### Teacher Edition

The teacher editions provide a thorough presentation of English instruction with a balance of grammar study and writing practice. These editions provide easy instructions for teaching grammar and writing using the writing process. Suggestions for working with ELL students appear throughout the material. Discussions and activities develop students' critical thinking and biblical worldview.

### Assessments

Assessment packets include age-appropriate and grade-level summative assessments of grammar concepts. Each assessment aligns with the stated objective available in the teacher edition. Print and digital formats are available. Rubrics for writing assignments are available on Trove and with the Instructional Aids in the teacher edition.

# Course Overview

This chart highlights the content covered in our elementary English program. Students develop skills in identifying parts of speech, recognizing sentence patterns, proofreading, using the writing process, and using reference materials. For a more detailed description of content covered in each grade, visit [bjupress.com/scope/english](http://bjupress.com/scope/english)

	Grammar, Usage, and Mechanics	Writing Projects
	<ul style="list-style-type: none"> <li>Builds foundational phonics and English skills in young students so they become proficient readers and learn to communicate in considerate ways.</li> <li>Helps students recognize and articulate sounds, develop listening and speaking skills, and apply biblical worldview themes to discussion on loving God, being helpful, showing courage, and more.</li> </ul> <p><i>See Reading 1 and Spelling 1 for a complete phonics package.</i></p>	Paragraph, informative paragraph, personal story, couplet, thank-you note, opinion paragraph, biographical paragraph

# Technology Resources

## BJU Press Trove™ Teacher Resources

Teach writing and grammar with a wealth of age-appropriate resources to engage students.

- Video segments introduce grammar concepts and rules, teach and review phonics skills, and introduce writing assignments.
- Editable Microsoft PowerPoint® slides walk through grammar concepts, activities, and the writing process, supporting you in providing teacher demonstrations and exploring mentor texts.
- For English 4–5, Trove’s assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter.

See pages 4–9 for more information on BJU Press Trove and availability information.

## AfterSchoolHelp

Do your students need extra grammar practice? AfterSchoolHelp.com is a free digital tutor with short video lessons and practice segments for English 4 and English 5 students.

# MIDDLE & HIGH Writing & Grammar

## Middle School

**BJU Press's middle school writing and grammar product line** provides students with practice and review of grammar and mechanics skills and application of those skills to writing. Students hone their argumentative, informative, and narrative writing skills, creating written works in writing workshops. Collaborative activities and projects give students opportunities to improve their researching, writing, speaking, and listening skills. Presentations develop technological and multimedia skills. Students develop a biblical worldview that informs communication.

## Vision

To equip students to apply grammar and writing skills to craft effective written and oral communication from a biblical understanding of discernment and integrity.

## Goals

- To ensure mastery of English grammar and mechanics
- To relate mentor texts to grammar instruction and writing activities
- To provide regular opportunities to practice the writing process with genre-specific writing strategies
- To encourage students to develop a writing style that communicates a unique voice
- To help students develop study, reference, and research skills, effectively using print and digital sources
- To provide opportunities to collect, synthesize, and evaluate information
- To guide students to communicate effectively in a variety of modes and genres, considering audience and purpose from a biblical worldview

# High School

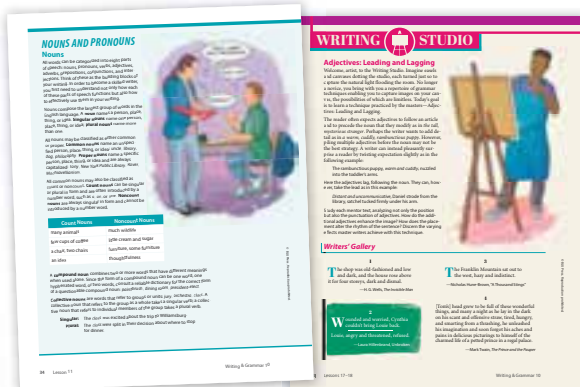

**BJU Press's secondary writing and grammar product line** provides students with a real-world focus for exercising language skills as they systematically review and practice grammar and mechanics with increasing complexity. Activities give students practice in analyzing, combining, and drafting text in various genres. Students synthesize grammar, usage, research, writing, digital, speaking, and listening skills to become effective oral and written communicators.

## Vision

To equip students to apply grammar and writing skills to craft effective written and oral communication that engages with and contributes to culture.

## Goals

- To ensure mastery of English grammar and mechanics
- To develop students' mastery of study, reference, and research skills, effectively using print and digital sources
- To model the connection of mentor texts to grammar instruction and writing activities
- To give opportunities for students to use the writing process with genre-specific strategies to craft communication for real-world contexts
- To guide students to hone collaboration, listening, speaking, and viewing skills
- To expand technological and media literacy through written, oral, and visual communication
- To lead students to draft writing that is truthful, virtuous, and empathetic

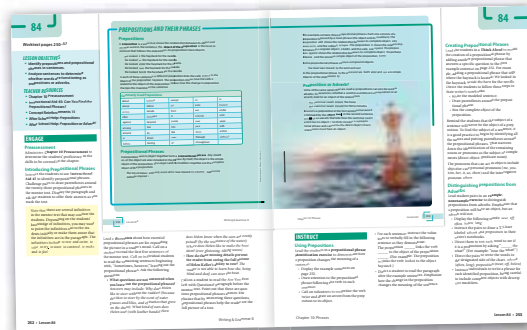

## Instructional Materials

### Worktext (eWorktexts Available)

Student worktexts provide important practice exercises and opportunities for active application to each student's own writing. Our texts encourage students to write regularly and in diverse genres. The main chapters offer a written model and an associated lesson for students to use in studying the model. As students develop their skills, they gain confidence in their skills and preparation for future real-life writing opportunities.

### Teacher Edition

Teacher editions provide instructors with the support they need to teach writing and grammar effectively. Lessons include margin notes for lesson content and planning use, pretests for assessing student knowledge, suggested lesson objectives, differentiated instruction, cross-curricular links, biblical-worldview discussions, and many other tools. These tools help teachers develop their students' knowledge, critical-thinking skills, and biblical worldview.

### Assessments

Assessment packets include summative assessments for grammar concepts. Each assessment aligns with stated objectives available in the teacher edition. Print and digital formats are available. Test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials (Grades 7–12).

# Course Overview

The chart below summarizes the core content of our writing and grammar series. Note that each subsequent text builds on the material taught in the previous one. Some additional helpful features (such as instruction in study and reference skills) are not listed here. For a more detailed description of each grade's content, visit [bjupress.com/scope/english](http://bjupress.com/scope/english)

## Grammar, Usage, and Mechanics

## Technology Resources

### BJU Press Trove™ Teacher Resources

Enhance writing and grammar instruction with extra resources that aid in planning and presenting concepts to your students.

- Video segments introduce grammar concepts and rules, teach and review key terms, and go over expectations for writing assignments.
- Editable Microsoft PowerPoint® slides move through grammar concepts, activities, and the writing process, providing teacher demonstrations and mentor text support.
- Trove's assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

### AfterSchoolHelp

Do your students need extra grammar practice? AfterSchoolHelp.com is a free digital tutor with short video lessons and practice segments that can be used at home or at school.

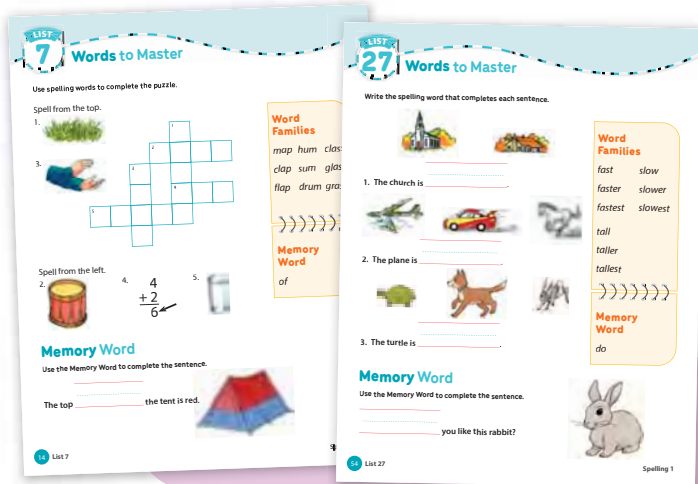

**BJU Press's spelling product line** equips students to master spelling by recognizing word relationships and structural patterns in grade-appropriate lists. Activities include word study, word sorting, proofreading, dictionary skills, and writing. In the primary grades, word lists contain frequently used words, phonetic words, and challenge words with irregular spellings. In the intermediate grades, lists add syllable patterns and derivational suffixes. Frequent assessments give opportunities for self-assessment and retrieval practice, build student confidence, and encourage mastery for God-honoring written communication.

## Vision

To equip students to master spelling using word-building skills and to apply spelling strategies to God-honoring written communication.

## Goals

- To guide students to develop spelling skills using phonics patterns, word studies, syllable patterns, frequently used words, derivational suffixes and prefixes, and Greek and Latin word parts
- To promote the spelling-meaning connection through word study and word-sorting activities
- To develop spelling consciousness through proofreading and writing activities
- To teach dictionary skills to strengthen students' word knowledge, reference skills, and vocabulary
- To differentiate instruction with activities that meet the needs of individual students

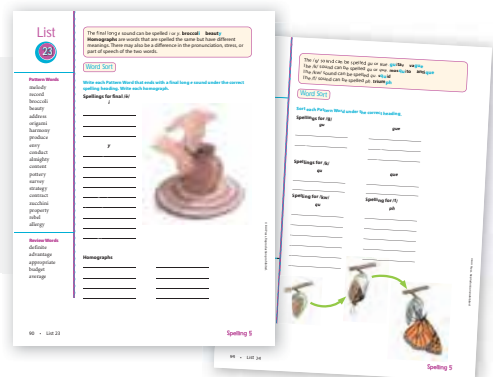

## Instructional Materials

### Worktext (eWorktexts Available)

Worktexts use a word-study approach to help students apply recognizable spelling patterns and rules to unfamiliar words. Each spelling list has engaging activities to apply the skills and strategies students are learning.

### Teacher Edition

The teacher edition includes lesson planning help, tips for assessing students' understanding, and instructional support for teachers to customize their own lessons. Each edition also has reduced student activity pages with answer overprints for convenient grading.

See Reading 1 and Phonics & English 1 for a complete phonics package.

# ELEMENTARY Handwriting

**BJU Press's handwriting program** guides students as they develop individualized handwriting that is natural, legible, and attractive. Beginning in kindergarten and first grade with the forming of letters through patterns, students are taught to write continuous-stroke letters, the foundation of both our PreCursive and cursive systems. Students develop a rhythm and flow that ease the transition to cursive writing in second grade. Learning and reinforcement continue through the sixth grade, where students add calligraphy to their writing skills. Activity pages with engaging themes and cross-curricular content give students opportunities to perfect their handwriting through supported practice, practice from memory, and creative writing.

## Vision

To enable students to develop proper techniques that support the habit of polished handwriting and promote effective written expression.

## Goals

- To develop good posture, correct paper position, and proper tension-free pencil grasp
- To build fine motor skills and encourage mastery of proper letter formation and spacing through frequent practice
- To develop handwriting consciousness, focusing on legibility, automaticity, and consistent pacing
- To promote reading fluency and improved spelling and composition skills
- To develop an appreciation for the art of written expression that serves others and glorifies the Lord

## MIDDLE & HIGH Vocabulary

**BJU Press's middle and high school vocabulary product line** teaches skills for independent vocabulary acquisition and develops a broad working vocabulary to prepare students for effective cultural engagement. Emphasis is placed on explicit instruction that includes inductive vocabulary strategies such as activating prior knowledge and using clues from word parts, etymology, and context. Varied lesson presentations, puzzles, and games keep students interested and motivated, and spiral reviews encourage mastery.

### Vision

To equip students with strategic decoding skills for developing the acquisition of personal vocabulary, improved literacy, and effective oral and written communication.

### Goals

- To give students a working knowledge of common prefixes, roots, and suffixes
- To teach word derivation skills for identifying unfamiliar words in a variety of contexts
- To improve student reading comprehension and fluency through increased vocabulary
- To deepen student understanding of and appreciation for the history of the English language through the study of etymology
- To encourage God-honoring oral and written communication through vocabulary mastery

bjupress **trove**<sup>™</sup>  
Content available on BJU Press Trove

**BJU Press's elementary math product line** equips students to master foundational math skills through hands-on manipulatives and sequential teaching that leads students from a concrete to an abstract understanding of mathematics. This process results in deep understanding and long-term retention of mathematical reasoning. Strategic practice and review build computational fluency and prepare students for authentic learning as they connect math concepts to everyday life.

## Vision

To enable students to master foundational math skills by applying consistent reasoning to concrete and abstract models for the purpose of solving problems within the context of a biblical worldview.

## Goals

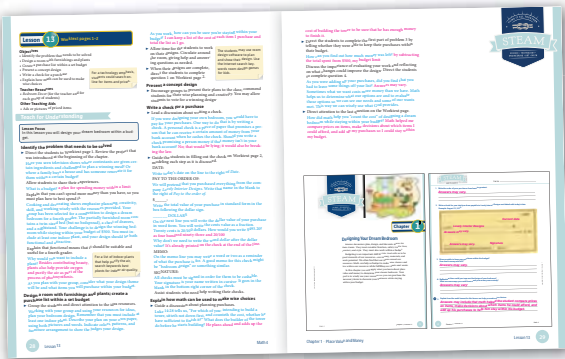

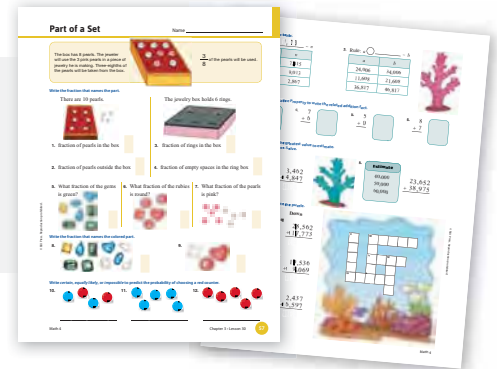

- To develop number sense through the progression from manipulatives to abstract representations
- To promote computational fluency and automaticity through consistent, strategic practice and spiral review
- To develop a foundation in number systems, fraction theory, algebra, geometry, and statistics
- To build grit and problem-solving skills through meaningful, authentic applications, including word problems and collaborative STEM experiences
- To make sense of mathematical concepts and applications in light of biblical principles

# Instructional Materials

## Worktext (eWorktexts Available)

Our student math worktexts (K5–Grade 5) prepare students to be critical thinkers, using age-appropriate themes that show students how to use math in daily life. Practice opportunities cement understanding, and review sections keep math skills fresh.

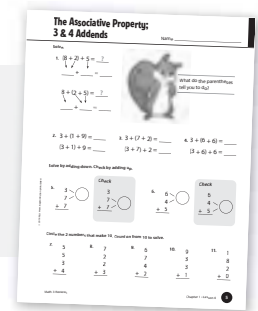

## Teacher Edition

Our teacher editions provide teachers with the support they need to teach math effectively. Each lesson includes suggested teaching strategies, guiding questions, discussion questions, and activities for teachers to choose from to help students learn.

## Reviews—Grades 1–3 (eReviews Available)

Our math review workbooks provide assessments of daily lessons, spiral reviews of previous concepts, fact drills, and cumulative reviews to support and reinforce the concepts taught in the worktext.

## Activities—Grades 4–5 (eActivities Available)

Our math activity books provide assessments of daily lessons, spiral reviews of previous concepts, and a cumulative review for each chapter.

## Teacher's Visuals and Student Manipulatives

Both the teacher's visuals and student manipulatives packets include hands-on learning items, such as number lines, paper coins and bills, rulers, geometric shapes, and fractions. They build and reinforce understanding and introduce new concepts on a concrete, kinesthetic level.

## Assessments

Each assessment packet includes an age-appropriate test for each chapter. Print and digital formats are available. Test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials (Grades 3–5).

## Course Overview

Below is a summary of the content covered in our elementary math program. For a more detailed scope and sequence, visit [bjupress.com/scope/math](http://bjupress.com/scope/math)

### K5 Math

Uses a manipulative-based, interactive approach to build a strong foundation of number sense; introduces addition, subtraction, measurement, time and calendar, and shapes.

### Math 1

Develops understanding of place value by practicing addition and subtraction; includes the topics of measurement, geometry, time, and money; also introduces skills for writing equations, reading graphs, and solving word problems; applies knowledge with STEM activities.

### Math 2

Builds on the understanding of place value by adding and subtracting with two and three digits; also explores fractions, geometry, and measurement and introduces students to foundational multiplication and division skills.

### Math 3

Deepens understanding of place value by applying it to addition, subtraction, multiplication, division, and decimals; strengthens knowledge of division, fractions, geometry, and measurement; also encourages students to recognize the implications of math: that math is a tool, it shows that the world is designed, it helps people, and it has limits; applies knowledge with STEM activities.

### Math 4

Encourages accurate computation as students apply their knowledge of place value to multiplication and division; also encourages students to use reasoning skills to estimate answers; develops a better understanding of fractions, geometry, measurements, and pre-algebra skills; applies knowledge with STEM activities.

### Math 5

Challenges students to apply their knowledge of operations of whole numbers to decimals and fractions; continues to develop pre-algebra skills and deepens students' understanding of geometry, measurement, and data; applies knowledge with STEM activities.

# Technology Resources

## BJU Press Trove™ Teacher Resources

Help your students gain foundations for math with age-appropriate resources that engage students in the fun of learning.

- Video segments offer counting songs, brief reviews of math terms, and more to get students engaged and interested.
- Editable Microsoft PowerPoint® slides support instruction, work through example problems, and give opportunities for practice and review as a class.
- A searchable, projectable copy of the teacher editions allows you to project answers to daily math activities and review them as a class.
- For Grades 3–5, Trove’s assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

## AfterSchoolHelp

Do your students need extra math practice? AfterSchoolHelp.com is a free digital tutor with short video lessons and practice segments for Grades 4 and 5 that can be used at home or at school.

## Middle School

**BJU Press's middle school math product line** equips students to progress from foundational to more advanced mathematical skills and strategies to solve authentic real-world problems. Skill checks, tiered practice problems, and spiral review develop mathematical skills, and lessons on problem-solving strategies help students see the relevance of mathematical thinking. STEM lessons utilize the engineering design process as a real-world application of mathematical concepts. Instructional videos accessed through QR codes, keyword searches, and some calculator instruction help students use technology to understand math. Cartoons guide students to see math from a biblical worldview.

## Vision

To equip students to progress from foundational to more advanced mathematical skills and strategies with expanded opportunities for abstract reasoning and real-world problem solving within the context of a biblical worldview.

## Goals

- To enable mastery of foundational math skills and develop procedural fluency through logical, consistent reasoning and the use of concrete and abstract models
- To build an understanding of mathematical concepts including number sense, operations, algebra, functions, geometry, probability, and statistics
- To develop analytical thinking by seeing structures and generalizing patterns to aid in authentic and ethical problem-solving
- To develop a biblical view of the role and function of mathematics

## High School

**BJU Press's high school math product line** equips students to develop advanced mathematical skills and strategies to solve real-world problems in a scaffolded program that extends student understanding through strategic modeling of mathematical procedures, tiered practice problems, and the use and creation of mathematical models in authentic contexts. Targeted keyword searches, graphing calculator instruction, and spreadsheet activities help students use technology to extend their knowledge and skills and apply them to life.

## Vision

To equip students to develop advanced mathematical skills and strategies for analyzing and solving real-world problems through the application of abstract reasoning within the context of a biblical worldview.

## Goals

- To extend an understanding of mathematical concepts including number systems, operations, algebra, functions, geometry, probability, and statistics
- To support student achievement of procedural fluency necessary for college and career readiness through consistent, strategic practice and review
- To develop analytical thinking, reasoning skills, and perseverance in real-world problem solving through the use and creation of models
- To encourage the use of technology to enhance learning, incorporate multiple representations, and remove computational constraints
- To equip students to formulate a biblical view of mathematics

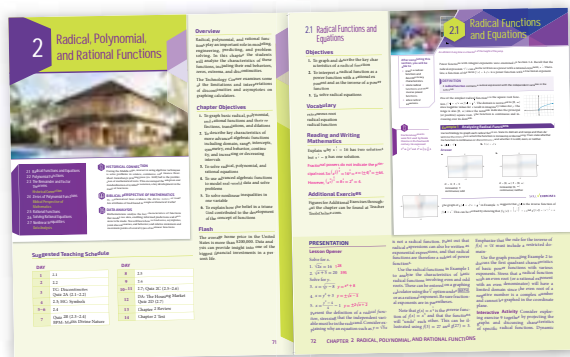

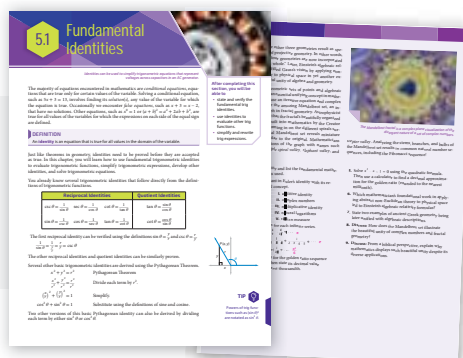

## Instructional Materials

### Student Edition (eStudent Edition Available)

Our math textbooks have clear presentations of concepts with practice exercises that promote student success and prepare students for standardized testing and college-level math courses.

### Teacher Edition

The teacher editions contain presentation suggestions, motivational ideas, and tips to address common student errors. The teacher editions also suggest easy adaptations for scheduling and assignments for minimum, standard, and extended tracks.

### Activities (eActivities Available)

The activity manuals (Grades 7–9) provide resources for extra practice, remediation and enrichment activities, calculator skills, exercises, and unit and chapter reviews. For Math 6, additional activities and reviews are included in the back of the book.

### Assessments

Assessment packets include section quizzes and one age-appropriate test per chapter. Print and digital formats are available. Test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials.

## Course Overview

Below is a summary of the content covered in our middle and high school math series. For a more detailed scope and sequence, visit [bjupress.com/scope/math](http://bjupress.com/scope/math)

### Math 6

Extends pre-algebra skills by introducing students to ratios, percentages, rates, and integers; also encourages students to think statistically and explore STEM applications.

### Fundamentals of Math (7)

Focuses on problem solving and real-life uses of math through STEM activities with special emphasis on reinforcing computational skills and building a solid math foundation (a foundational course for pre-algebra).

### Pre-Algebra (8)

Evaluates numeric and algebraic expressions involving signed integers and rational numbers; simplifies and solves linear equations, including percentages; practices solving real-world problems with STEM activities; creates multiple representations of linear functions; introduces solving systems of linear equations and concepts in geometry.

### Algebra 1 (9)

Focuses on the integration of algebraic concepts in technology and real-life applications; explores the simplification, solving, graphing, and interpretation of linear, exponential, radical, quadratic, and rational functions manually and with technology; practices solving real-world problems with STEM activities.

### Geometry (10)

Focuses on the development of higher-level thinking skills through the investigation of parallel and perpendicular lines, congruence and similarity of figures, areas and volumes, symmetry in terms of transformations, and an introduction to trigonometry; incrementally develops paragraph, two-column, flow-chart, and indirect proofs.

### Algebra 2 (11)

Reviews and extends students' knowledge of linear, quadratic, polynomial, radical, and rational functions and their graphs as well as systems of equations; also explores exponential and logarithmic functions, probability and statistics, trigonometric functions and identities, and the analytic geometry of conic sections.

### Precalculus (12)

Reviews algebraic and transcendental functions before focusing on foundations for higher mathematics, including trigonometric functions and their inverses, identities, equations, applications in vectors, polar graphs, complex numbers, matrices, analytic geometry, sequences, series, and descriptive and inferential statistics.

### Consumer Math (12)

Prepares students to make wise financial decisions by discussing topics such as taxes, interest on loans, personal banking, insurance, and more.

# Technology Resources

## BJU Press Trove™ Teacher Resources

Make planning and assessment easy with extra resources that allow you to plan and present concepts to your students in an engaging way.

- Video segments review math concepts and give quick looks into how math applies to other fields.
- Editable Microsoft PowerPoint™ slides support instruction, work through example problems, and give opportunities for practice and review as a class.
- A searchable, projectable copy of the student and teacher editions allow you to project daily activities and work through them as a class.
- Trove's assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

## AfterSchoolHelp

Do your students need extra math practice? AfterSchoolHelp.com is a free digital tutor with short video lessons and practice segments that can be used at home or at school.

# ELEMENTARY Science

**BJU Press's elementary science product line** inspires students to observe and investigate the natural world by developing foundational knowledge and skills with pre-assessments, scaffolded instruction, spiral review, and hands-on activities. Exposure to scientific inquiry gives students opportunities to observe, classify, measure data, analyze data, make inferences, and communicate their findings. Collaborative STEM activities give students opportunities to work together to design, test, and refine engineered solutions to real-world problems.

## Vision

To inspire students to observe and investigate the natural world in order to analyze and evaluate scientific information and models from a biblical worldview.

## Goals

- To develop a foundational understanding of scientific knowledge and skills
- To expose students to scientific methods to solve real-world problems, particularly through collaborative STEM experiences
- To use models to explain and describe observations and make predictions
- To enable students to interpret and apply scientific knowledge through the lens of biblical teaching

## Instructional Materials

### Student Edition (eStudent Edition Available)

The student edition provides grade-appropriate information through text, diagrams, graphs, charts, and annotated photographs and illustrations. These editions also contain an introduction to each Investigation, Inquiry, Exploration, and STEM activity.

### Teacher Edition

Each teacher edition supports teachers by giving suggestions for implementing effective teaching strategies for each lesson. The teacher editions also provide additional background information, answers to questions, and instructional aids and visuals.

### Activities (eActivities Available)

Our activity manuals are designed to help students learn process skills that can only be gained with hands-on science activities. When used in conjunction with the student edition, the activity manual supports and assesses science objectives.

### Assessments

The assessments packet includes regular summative assessments as well as grading rubrics for all STEM, Investigation, Inquiry, and Exploration activities. Print and digital formats are available. For grades 2–5, test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials.

## Course Overview

Our elementary science textbooks use a spiraled approach to present age-appropriate content. The lower grades lay a foundation for scientific learning with basic, concrete discussions, which the upper grades build on by adding complexity and detail. Through STEM, experimentation, inquiry, and additional project/problem-based learning activities, students learn real-world problem-solving by applying science inquiry skills and the engineering design process. This spiraled approach improves understanding and retention.

Grades 1–3 are single-semester courses. Grades 4–5 contain a full year of lessons.

The chart below is a summary of the content covered in our elementary science program. For a more detailed description of content covered in each grade, visit [bjupress.com/scope/science](http://bjupress.com/scope/science)

	Earth Science	Life Science	Physical Science	Science Skills
	Earth, sun, moon, stars, seasons, weather	Plants, animals, human body, health	Light energy, sound energy, communicating with light and sound	<ul style="list-style-type: none"> <li>• Observe</li> <li>• Measure</li> <li>• Infer</li> <li>• Classify</li> <li>• Predict</li> <li>• Communicate</li> <li>• Hypothesize</li> <li>• Identify and Control Variables</li> <li>• Define Operationally</li> <li>• Experiment</li> <li>• Collect, Record, and Interpret Data</li> <li>• Make and Use Models</li> </ul>
	Earth movement, earth layers, natural resources	Plants, animals, habitats, fossils and dinosaurs, human body systems	Matter, changing matter, forces	
	Rocks, minerals, soil, weather, solar system	Cold- and warm-blooded animals, plants, ecosystems, cells, tissue, organs, human skin	Motion, sound, properties of matter, changing states of matter, electricity and magnetism	
	Water and oceans, landforms and changes, natural hazards, natural resources, rocks, minerals, and conserving resources	Plant structures and functions, plant reproduction, invertebrates, vertebrates, human digestive system, nutrition, skeletal and muscular systems, eyes, ears	Energy and motion, energy and work, waves, light, sound, forces and collisions	
	Layers of earth, minerals and rocks, fossils and dinosaurs, atmosphere, severe weather, forecasting weather	Biomes, ecosystems, plant and animal adaptations, ecosystem changes, human respiratory and circulatory systems	Heat, sound and light, energy, measuring matter, states of matter, physical changes, atoms and molecules, mixtures, solutions

## Science Lab Solutions by Logos Science

Give your students real-world learning experiences by choosing Logos Science!

Science activities give a practical, hands-on application for learning and helps students process and truly understand what they're learning in science lessons. Make conducting lab activities easier by using pre-assembled lab kits for your BJU Press elementary science courses! Your students can share one kit in lab groups of up to four students.

These kits include an addendum and materials for the BJU Press activity manuals so your students can complete activities on all topics. Learn more at [bjupress.com/category/logos-science-lab-kits](http://bjupress.com/category/logos-science-lab-kits)

### Pricing

#### Logos Science Lab Solutions

Grade 1 Logos Science Kit	80.96
Grade 2 Logos Science Kit	107.96
Grade 3 Logos Science Kit	159.58
Grade 4 Logos Science Kit	178.65
Grade 5 Logos Science Kit	159.55

# Technology Resources

## BJU Press Trove™ Teacher Resources

Teach and review science concepts with age-appropriate resources that can make lessons more engaging.

- Short videos introduce or review new science concepts with engaging segments or songs.
- Editable Microsoft PowerPoint™ slides review big questions for the chapter, support instruction, and help introduce and review key terms.
- A searchable, projectable copy of the student and teacher editions make chapter reviews and assignments easier to show.
- For Grades 2–5, Trove’s assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

# MIDDLE & HIGH Science

## Middle School

**BJU Press's middle school science product line** equips students to apply solutions to real-world problems by expanding scientific knowledge and skills through lab exercises, case studies, ethics activities, and connections to life. Students use scientific equipment to collect data, which they interpret and use to draw conclusions and make predictions in lab activities. They also design, test, and refine solutions to real-world problems in collaborative STEM projects.

## Vision

To equip students to apply solutions to real-world problems based on scientific research, data, and models within the context of a biblical worldview.

## Goals

- To expand knowledge and laboratory skills in scientific disciplines
- To support students' exploration of real-world problem-solving through scientific methods, including collaborative STEM experiences
- To enable students to interact with physical, virtual, and mathematical models to make predictions
- To enable students to evaluate information and apply scientific knowledge within the context of biblical teaching

# High School

**BJU Press's high school science product line** motivates students to ethically engage in the work of science through this lab-based program. Students extend knowledge and skills through strategic modeling and practice, case studies, the use and creation of scientific models, and ethics activities. Webquests, spreadsheet activities, and probeware technology build 21st century skills and relate them to the work of science. Students have opportunities to collect and analyze data and create and evaluate their own models through guided discovery labs, inquiry labs, and collaborative STEM experiences.

## Vision

To motivate students to ethically engage in scientific inquiry, data analysis, and model-making to solve real-world problems within the framework of a biblical worldview.

## Goals

- To extend scientific knowledge and laboratory skills
- To engage students in applying scientific knowledge and skills in ethical ways to solve real-world problems, particularly through collaborative STEM experiences
- To enable students to create and use models to describe the natural world by making predictions
- To equip students with the skills to interpret informational text and apply scientific knowledge in accordance with biblical teaching

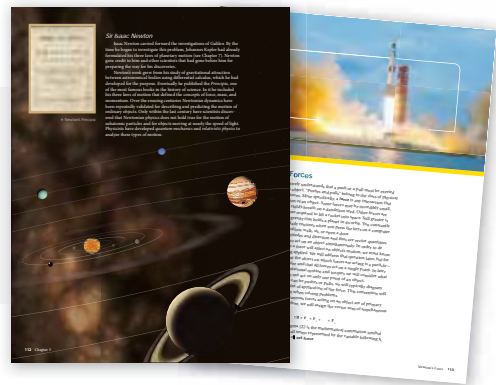

## Instructional Materials

### Student Edition (eStudent Edition Available)

These beautifully illustrated texts will direct students to study science through the lens of God’s Word, to develop critical-thinking skills, and to work through real-world, science-related problems in STEM activities, case studies, webquests, ethics boxes, and more.

### Teacher Edition

Each teacher edition provides margin notes with answers, discussion topics, and suggested activities, all to support daily lesson planning. Additional resources include rubrics, reproducibles, cross-curricular links, and more.

### Lab Manual (eLab Manual Available)

Lab and activity manuals give students a crucial hands-on experience, allowing them to work directly with the tools and concepts they are studying. Each manual contains a variety of activities, including guided discovery, inquiry, and STEM labs that allow students to think about and discover ideas in science for themselves.

### Assessments

Assessment packets include age-appropriate chapter tests and quizzes focused on key ideas. Print and digital formats are available. Test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials.

## Course Overview

Below is a summary of the content covered in our middle and high school science program. For a more detailed scope and sequence, visit [bjupress.com/scope/science](http://bjupress.com/scope/science)

### Science 6

Explores the basics of earth science, life science, physical science, and the human body to form a foundation for more specific studies.

### Life Science (7)

Surveys the structures and functions of living things such as plants, animals, and human beings—concepts that are unfolded as a quest to understand the life that God has created.

### Earth Science (8)

Moves students from the lithosphere, through the hydrosphere and the atmosphere, to the solar system and the rest of the universe—a journey that develops the students' understanding and appreciation for God's creation.

### Physical Science (9)

Discusses the atomic model, elements, compounds, chemical reactions, acids, bases, and salts, as well as classical mechanics, work and energy, wave phenomena, electricity and magnetism, and light and optics to help people and to wisely use God's world.

### Biology (10)

Showcases God's power and glory in creation by discussing cellular biology, genetics, taxonomy, microbiology, botany, zoology, and human anatomy (includes an anatomy and physiology supplement).

### Chemistry (11)

Gives students the tools to build an understanding of atomic structure, chemical composition, and chemical reactions; helps students discover how this understanding can be used to help people who bear God's image.

### Physics (12)

Teaches students to extend knowledge and skills through strategic modeling and practice, case studies, evaluation of scientific models, and ethics activities; explores kinematics, dynamics, thermodynamics and matter, electromagnetics, geometric optics and light, and concepts from modern physics to help students ethically engage in the work of physics.

# Technology Resources

## BJU Press Trove™ Teacher Resources

Broaden your students' science skills with extra resources that aid in planning and presenting concepts to your students in an engaging way.

- Short videos introduce new skills and concepts. These videos explain concepts visually for a differentiated explanation.
- Editable Microsoft PowerPoint® slides give you support for your instruction, including informative visuals that make demonstrating, displaying, and explaining scientific principles and concepts easier.
- Search and project electronic copies of the student and teacher editions.
- Trove's assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

## AfterSchoolHelp

Do your students need extra practice in physical science and chemistry? AfterSchoolHelp.com is a free digital tutor that provides video tutorials and practice activities for students to review concepts at home or at school.

# ELEMENTARY Heritage Studies

**BJU Press's elementary Heritage Studies product line** guides students to analyze and evaluate historical events, world cultures, and primary sources from a biblical worldview. Engaging lessons and activities develop and strengthen 21st century skills through features such as graphic organizers, reinforcement pages, biographies, map skills, and study guides. Cross-curricular links, background information, and interactive visuals help students relate heritage studies to other academic disciplines in order to help them make wise decisions about their world.

## Vision

To equip students to understand, biblically evaluate, engage in, and make decisions about their world.

## Goals

- To develop social studies skills and a foundational understanding of geography, economics, history, government, civics, and culture
- To evaluate sources, cultures, and events from a biblical worldview
- To propose solutions to economic, political, and social problems
- To become lifelong learners who value freedom, equality, and individual responsibility

# Instructional Materials

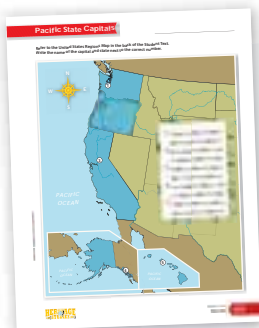

## Student Edition (eStudent Edition Available)

Each student edition combines well-researched content with colorful photos, illustrations, and graphics, and integrates Bible, citizenship, culture, economics, geography, government, and history to give students a strong foundation in social studies.

## Teacher Edition

The teacher edition for each grade contains full-color, reduced-size student pages, plus extras, such as background information, hands-on activities, review games, and songs that make learning memorable. Lessons also provide opportunities for collaboration, creativity and imagination, and technology literacy.

## Activities (eActivities Available)

The activity manual is designed to help students interact with the course material in order to build understanding. Activities include sequencing events, labeling maps, study guides, and much more.

## Assessments

Each assessment packet contains one test per chapter or unit, covering the most important concepts taught in the lessons. Tests include graphic organizers, models, maps, and primary sources. Print and digital formats are available. For grades 2–5, test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials.

# Course Overview

Our elementary heritage studies textbooks use age-appropriate content to build a solid foundation for future learning. Students will be introduced to social studies skills in geography, economics, history, government, civics, and culture. Grades 1–3 discuss concepts on a basic, concrete level to encourage understanding. Grades 4–5 build on previously established concepts to prepare students for middle school courses. Each grade incorporates skills in literacy, 21st century skills, and map reading.

Grades 1–3 are single-semester courses. Grades 4–5 are full-year courses. For a more detailed description of content covered in each grade, visit [bjupress.com/scope/heritage](http://bjupress.com/scope/heritage)

	Description	Social Studies
	<p><b>Heritage Studies 1: Family and Community</b> Introduces a Christian worldview of the family, community, jobs, land, and the United States. Students learn to relate each aspect of social studies to their own lives and to see how each can prepare them to help out in their communities.</p>	<p>Geography, history, government, economics, culture, addresses and landmarks, sorting and sequencing, visual analysis, literacy</p>
	<p><b>Heritage Studies 2: Community and Government</b> Encourages students to evaluate society and their role in it through the lens of God’s Word. Students will learn how to participate effectively in their world.</p>	<p>Geography, citizenship, government, economics, culture, technology literacy, using source materials, visual analysis, literacy</p>
	<p><b>Heritage Studies 3: World Regions</b> Explores the different world regions to help students to understand, appreciate, and gain an interest in the cultures in each region. Features and region studies will help students to understand the diversity of God’s creation.</p>	<p>Geography, government, economics, history, culture, religion, literacy, primary and secondary sources</p>
	<p><b>Heritage Studies 4: Our United States</b> Explores the history and development of the United States with a regional focus. Students will learn about cultures by exploring the regions of the United States.</p>	<p>Geography, world history, American history, government, economics, culture, cause and effect, visual analysis, primary sources</p>
	<p><b>Heritage Studies 5</b> American history from America’s first peoples to the presidency of Barack Obama; emphasis on map skills and using maps while also developing perspectives on government, economics, and culture.</p>	<p>Civics, culture, geography, government, economics, social studies skills, religion</p>

## BJU Press Trove™ Teacher Resources

Help your students understand the foundations of civics and other key heritage studies skills with age-appropriate resources that can make lessons more engaging.

- Short video segments show the stories of history so students can see how the world used to be and see how history connects to today.
- Editable Microsoft PowerPoint™ slides support instruction and include maps and other visuals that help students understand history in context.
- eTextbooks make projecting review questions, maps, and timelines from the books simple!
- For Grades 2–5, Trove’s assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

# MIDDLE & HIGH History

## Middle School

**BJU Press's middle school history product line** provides students with opportunities for analyzing and evaluating historical events, as well as introducing primary and secondary sources for point of view, context, and bias. Visual analysis of historical photographs and political cartoons create context while informational boxes, maps, charts, and diagrams help students connect ideas. Thought-provoking questions, differentiated instruction, and active learning strategies develop students as they strengthen their social studies skills and apply a biblical worldview to real-world issues.

## Vision

To develop students' social studies skills and their ability to biblically evaluate culture and events in history in order to become caring and engaged citizens in their world.

## Goals

- To build social studies skills and digital literacy, including reading, researching, analyzing primary sources, mapping, and creating timelines
- To use inquiry, research, and analysis to make connections between related concepts in social studies and in different disciplines
- To guide student evaluation of history and culture by formulating biblical approaches to cultural values including justice, power, freedom, individualism, and equality
- To develop grateful, biblically responsible citizens who evaluate culture, share solutions to real-world problems, and actively participate in their communities

# High School

BJU Press's high school history product line supports students in engaging in their culture by providing opportunities for document-based analysis and historical research. Collaborative projects, cross-curricular links, discussions, and presentations help students apply digital literacy and 21st century skills. Probing questions about ethical citizenship and real-world problems are designed to produce biblically informed citizens and leaders.

## Vision

To equip students to engage in their culture as discerning citizens and to apply a biblical worldview to history, government, geography, and economics.

## Goals

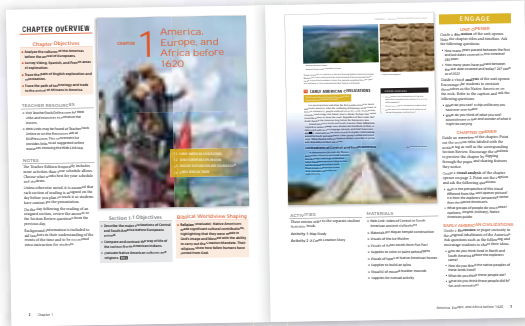

- To support mastery of social studies skills and a thorough understanding of how history is viewed, written, and interpreted
- To extend an understanding of the interrelationship of various disciplines and social studies
- To develop student competency in evaluating historical events, government and economic structures, and world cultures by formulating biblical approaches to justice, power, freedom, individualism, equality, and other core values
- To equip students to create biblical solutions to real-world economic, civic, environmental, political, and social problems to take informed action as biblical citizens

# Instructional Materials

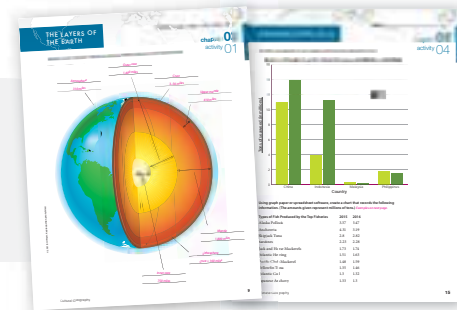

## Student Edition (eStudent Edition Available)

Our student editions make social studies meaningful and relevant through accurate and clear presentation. The textbooks capture students' attention, sustain their interest, and make the information memorable.

## Teacher Edition

The teacher editions provide teachers the support they need to teach the subject effectively. Each teacher edition also provides tools for promoting student participation and developing critical-thinking skills.

## Activities (eActivities Available)

The activity manuals help students interact with the course material and primary sources to build understanding, review concepts, and help students think critically.

## Assessments

Each assessment packet contains one test per chapter, covering the key ideas from the lessons. Tests include graphic organizers, models, maps, and primary sources. Print and digital formats are available.

## Course Overview

The middle and high school heritage studies textbooks present students with a balanced overview of American and world history as well as geography, American government, and economics and provide them with a better understanding of the world around them.

*American Government* and *Economics* can each be used as either a one- or two-semester course. For a more detailed description of content covered in each course, visit [bjupress.com/scope/heritage](http://bjupress.com/scope/heritage)

### Heritage Studies (6) Ancient Civilizations

Ancient history (Creation–Middle Ages); emphasis on primary-source evaluations of justice, power, citizenship, and environment; prepares the students for *World Studies* in Grade 7

### World Studies (7)

Survey of major events in world history from Europe in the Middle Ages (AD 1300) to the present so students may be equipped to explore and analyze events and develop understanding of political structures, economics, cultures, and religions from a biblical worldview

### American Republic (8)

Chronological survey of American history from European discovery to the present with an emphasis on American values and how they shaped American history

### Cultural Geography (9)

Survey of physical and cultural geography and the interactions between the two, emphasis on biblical worldview with a focus on world religions and how people relate to each other

### World History (10)

Chronological survey of world history from Creation to the present, tracing major patterns in world history and analyzing the cultural ideas and practices of civilizations as well as the impact of religion on them

### United States History (11)

Survey of American history from the Colonial Era to the current day; emphasis on primary source analysis as well as evaluations of American culture from a biblical worldview

### American Government (12)

Thorough analysis of all levels and branches of American government along with discussions about political factors that impact the American economy, about American political behavior, and about the scriptural foundation for law and government

### Economics (12)

Study of basic economic topics with an emphasis on applying scriptural principles to all areas of economics

## BJU Press Trove™ Teacher Resources

Connect your students to history with extra resources that aid in planning and presenting concepts to your students in an engaging way.

- Short video segments show the stories of history so students can see how the world used to be and how history connects to today.
- Editable Microsoft PowerPoint™ slides include maps and other visuals that help bring history to life and support instruction.
- eTextbooks make projecting review questions, maps, and timelines from the books simple!
- Trove's assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

# ELEMENTARY Bible

## Elementary

**BJU Press's elementary Bible product line** is constructed around 147 foundational Bible Truths. These Bible Truths are studied in a systematic way, moving through the big story of the Old and New Testaments, and leading students to appreciate God's grand design for mankind and creation. Elementary Bible strives to instill a greater love for God and His Word by encouraging consistent Bible reading HABITS, singing, and regular Scripture memorization. Elementary Bible helps to bridge the gap between head knowledge and heart knowledge by guiding students as they study, interpret, and apply a biblical worldview.

## Vision

To equip students to begin a relationship with Christ by laying a foundational knowledge of biblical doctrine and the storyline of Scripture and by providing opportunities for students to understand, analyze, and apply Scripture to their lives.

## Goals

- To equip students to read, interpret, and apply the Word of God to their lives
- To teach Bible study skills through modeling and guidance
- To recognize the Bible as the ultimate authority for faith and practice
- To expose students to the Creation, Fall, Redemption storyline of the Bible
- To teach basic Bible doctrines
- To establish students' belief and confidence in the absolute truth of God's Word
- To present the gospel so students can know and testify of Christ as their Savior
- To communicate the basics of a biblical worldview for obedient living in God's world

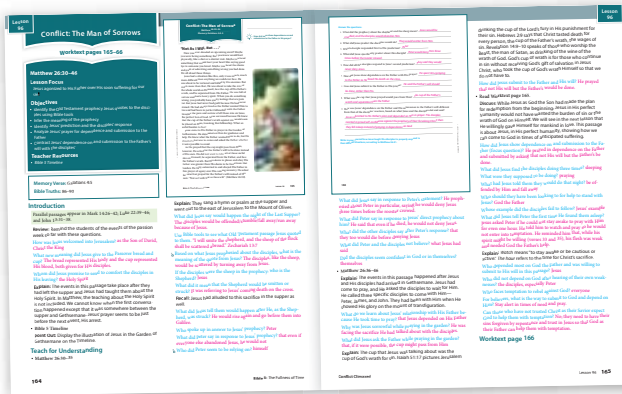

## Instructional Materials

### Worktext (eWorktexts Available)

Each worktext helps students apply the Bible, practice Bible study skills, and review the lesson content. Colorful activities motivate young students to study and apply Scripture.

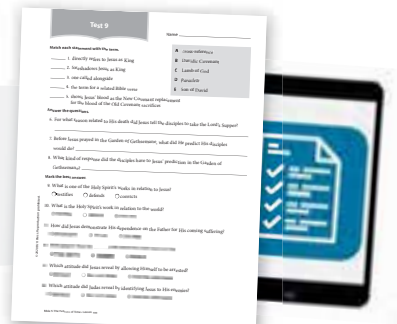

### Teacher Edition

Each teacher edition includes resources for everything from lesson planning to assessing student understanding. Lessons include teaching strategies, discussion questions, answers, and more that support the teacher in customizing lessons according to the individual needs of the students.

### Assessments

Each assessment packet includes one or two age-appropriate tests per unit. Print and digital formats are available.

## Course Overview

The chart below provides an overview of the content covered in our elementary Bible classes. The entire program covers most of the stories of the Bible. Each grade may cover the same biblical figures but will cover different parts of the narrative. For a more detailed scope and sequence, visit [bjupress.com/scope/bible](http://bjupress.com/scope/bible)

*K5 Bible: Exploring God's Word* introduces your early learners to basic Bible literacy through engaging story cards that help them understand the storyline of Scripture. Discussions and activities reinforce lessons and help students think about the lessons of Scripture.

*Bible 1: Truths for Life* explores truths about the Bible with a simple question-and-answer statements. These age-appropriate truths will cover God, His works, the Fall, Christ, salvation, Christian living, and end times. Students will learn the scriptural basis for each truth, its meaning, and its application to their lives.

*Bible 2: Truths for Life* continues exploring truths about the Bible through simple question-and-answer statements. Students will review the initial 42 truths from Grade 1 and learn 52 new truths, focusing on biblical covenants, baptism, the Lord's Supper, and end times.

*Bible 3: Truths for Life* introduces 53 new question-and-answer Bible truths and reviews all 147 truths introduced through Grades 1–3. In this course, students will focus on the Ten Commandments and the Lord's Prayer.

*Bible 4: The Pathway of Promise* shows students that the Bible is the only inspired and authoritative message from God by following the Bible's one story in the Old Testament and highlighting the theme of redemption as it unfolds.

*Bible 5: The Fullness of Time* confronts students with their need for Christ by developing six main themes in God's redemptive plan in the New Testament: glory, kingdom, covenants, divine presence, law and wisdom, and atonement and priesthood.

## BJU Press Trove™ Teacher Resources

Find unique tools for preparing students to study and apply the Bible with age-appropriate tools and resources.

- Short videos help students think through complicated concepts about the Bible and present animated infographics to explain Bible stories.
- Editable Microsoft PowerPoint® slides include lesson support, memory verses, reviews of Bible truths, and more.

See pages 4–9 for more information on BJU Press Trove and availability information.

# MIDDLE & HIGH Bible

## Middle School

BJU Press's middle school Bible product line leads students to develop a biblical worldview through careful scripture study and memorization, collaborative discussions, case studies, worldview dilemmas, and role playing. As students trace the storyline of the Old Testament and the story of redemption through the life of Christ in the New Testament, middle school Bible provides opportunities for students to practice speaking truth to their neighbors and spreading the gospel to their family and friends.

## Vision

To equip students to grow in their relationship with Christ by building upon a foundation of biblical doctrine, developing a biblical worldview, and systematically tracing Christ through the Old and New Testaments.

## Goals

- To help students trace the Creation, Fall, Redemption storyline of Scripture
- To enable students to clearly explain their Christian beliefs to their family and friends
- To lead students to value and faithfully apply a biblical worldview to their personal lives
- To develop student ability to observe, interpret, and apply the Word of God to their lives
- To expand Bible study skills through independent and collaborative research and study
- To grow student dependence upon the authority of God's Word
- To help students understand and relate the Old Testament to the New Testament and Jesus Christ

# High School

**BJU Press's high school Bible product line** guides students through a systematic study of the Bible and its significant themes. Students learn to value and use hermeneutical principles based on exegesis through inductive Bible study to explore the Creation, Fall, Redemption story of the Bible, delve into major Bible doctrines, and develop a biblical worldview. High school Bible leads students to formulate and defend a biblical worldview, evaluate other beliefs, and engage in their culture with truth and love.

## Vision

To equip students with biblical literacy, Bible study skills, and biblical doctrine so that they can grow in their relationship with Christ and internalize a biblical worldview in order to develop character, solve real-world problems, and communicate that worldview to others.

## Goals

- To master Bible study skills
- To confirm the Bible as the ultimate authority for faith and practice
- To develop a greater love for God that leads to worship and properly motivated obedience
- To defend biblical doctrine and refute false teaching and philosophies
- To encourage appropriate cultural engagement and evangelism
- To facilitate informed discipleship

## Instructional Materials

### Student Edition (eStudent Edition Available)

Student editions guide students through each level of Bible study, beginning with observation and hermeneutical principles and ending with application. Beautiful illustrations will help students recall lessons, and opportunities for application will enhance students' personal devotions.

### Teacher Edition

Each teacher edition includes margin notes with teaching notes, strategies, discussion questions, and optional activities. They also offer additional materials and strategies for teaching advanced students and covering different learning styles.

### Activities (eActivities Available)

Each activity manual develops the students' familiarity with Bible study methods and application. They also provide direction for journal activities and verse memorization.

### Assessments

The assessments packets include one age-appropriate test per chapter. Print and digital formats are available. Test bank questions, available with a Trove subscription, are used to create custom print and digital assessments for BJU Press materials.

# Course Overview

Below is a summary of the content covered in our middle and high school Bible program. Visit [bjupress.com/scope/bible](http://bjupress.com/scope/bible) for a more detailed scope and sequence.

## Basics for a Biblical Worldview (6)

*Basics for a Biblical Worldview* uses case studies, worldview dilemmas, and webquests to challenge students to consider how they think about their world and to recognize the false worldviews that they will encounter. The program uses Bible study skills to help students see the world as it really is.

## The Story of the Old Testament (7)

A study of the story of Scripture from Genesis through Malachi; focuses on the Bible study skill of observation.

## The Life of Christ (8)

Explores the life of Christ and how He fulfilled God's redemptive plan as promised in the Old Testament; focuses on the Bible study skill of interpretation.

## The Triumph of Christ (9)

Displays the triumph of Christ and His gospel in the founding of the church in Acts and in the consummation of the Kingdom in Revelation; showcases the teaching of the apostles for our beliefs in the Epistles; focuses on the Bible study skill of application.

## Bible Doctrines (10)

Teaches the scriptural bases for the major doctrines—God's Word, God (the Father, Son, and Holy Spirit), Creation (man, sin, and angels), salvation, Israel and the church, and last things—so students can formulate their beliefs and apply those beliefs to their lives to develop values.

## Biblical Worldview: Creation, Fall, Redemption (11)

This course presents a positive presentation of a biblical worldview with a Bible-first perspective. It then applies that biblical worldview to all of life and culture, emphasizing that Christians must be salt and light.

## Ethics (12)

Encourages students to grow in character and biblical thinking so they can make wise ethical choices and defend the Christian faith from a biblical worldview. Students will compare different systems of ethics, learn to defend biblical Christianity, and approach ethics in a way that empowers growth and discernment.

# MIDDLE & HIGH SCHOOL | Bible Technology Resources

## BJU Press Trove™ Teacher Resources

Find unique tools for preparing students to study and apply the Bible with resources that can make lessons more engaging.

- Short videos help students think through complicated concepts about the Bible and present animated infographics to explain Bible accounts.
- Editable Microsoft PowerPoint™ slides give you lesson support, including discussion questions, visuals, and more to aid in quick lesson preparation and students' visual engagement.
- Search and project electronic copies of the student and teacher editions to aid in discussion and make going over student reviews and assignments easier.
- For Grades 6–10 and 12, Trove's assessment feature allows you to create customized quizzes and tests using a bank of questions that correlate with each chapter. You can edit questions and answers and easily create multiple versions of tests to discourage cheating.

See pages 4–9 for more information on BJU Press Trove and availability information.

# HIGH SCHOOL Spanish

*¡hola!*

**BJU Press's secondary Spanish product line** equips students to engage in practical communicative exchanges by instructing through the active use of language in a cultural context. Students participate in regular practice through activities and audio files and build skills through listening, reading, writing, and speaking. These products support the development of proficiency as they relate to students' everyday life, personal interests, and studies and shape a biblical view of cultural engagement.

## Vision

To equip students to engage in practical and meaningful communicative exchanges in Spanish with proficiency and cultural awareness.

## Goals

- To develop vocabulary and linguistic structures needed for language acquisition
- To develop level-appropriate interpretive, interpersonal, and presentational communication through language functions within a meaningful context
- To expose students to authentic texts in Spanish
- To develop proficiency through exposure, comprehension, and language production
- To build awareness and appreciation of Hispanic culture, including music, art, food, clothing, and literature
- To prepare students to apply a biblical worldview in cultural engagement

## Spanish Course Overview

### Spanish 1

Rather than focusing purely on grammar studies, this program develops students' skills in communication and comprehension in the language. Students will experience the language in a communicative context, making language acquisition more natural. The student edition and teacher edition align with the ACTFL (American Council on the Teaching of Foreign Languages) World-Readiness Standards for Language Learning, and they reflect the best practices from the field of second-language acquisition.

### Spanish 2

This research-based and best-practice-focused program allows students to acquire Spanish at the intermediate level of proficiency on the ACTFL scale. Important language functions are presented within each chapter's cultural theme and developed through activities that are designed to develop the interpretive, interpersonal, and presentational modes of communication.

### Spanish 3

*Spanish 3* further develops students' mastery of vocabulary, oral communication skills, and grammatical structure with a special focus on verb forms. The text features true stories and letters from missionaries in Spanish-speaking countries. The student text teaches both language and culture.

# MIDDLE & HIGH SCHOOL | Spanish

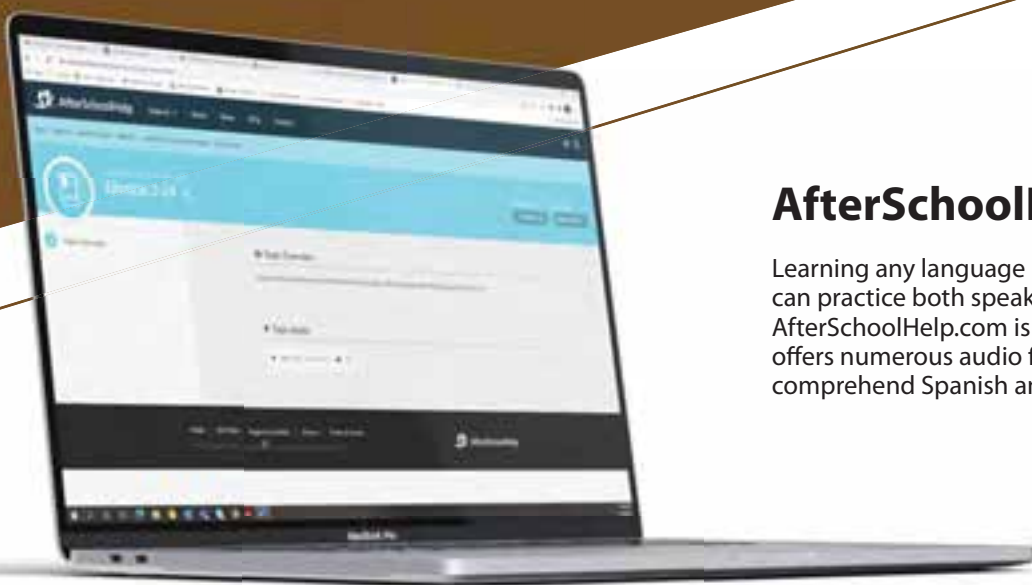

## Technology Resources

### BJU Press Trove™ Teacher Resources

Give students an authentic Spanish-learning experience with tools and resources for planning and presentation.

- During lessons, you can access audio files to give students examples of conversations between native Spanish speakers.
- Editable Microsoft PowerPoint® slides help you with introducing new vocabulary, displaying conjugation charts, presenting practice conversations, and much more.
- Short videos help students understand cultures in Spanish-speaking countries.
- eTextbook copies of the student and teacher editions make displaying conjugation charts, visuals, and assignments quick and easy!

See pages 4–9 for more information on BJU Press Trove and availability information.

### AfterSchoolHelp

Learning any language is easier when students can practice both speaking and listening at home. AfterSchoolHelp.com is a free digital tutor that offers numerous audio files to help students better comprehend Spanish and speak it more effectively.

# Elementary Spanish

## Strategic Head Start

Children often learn languages faster and more easily than adults, so why not start them early? In our global economy, it is extremely beneficial to know a second language—especially Spanish. BJU Press offers an exciting elementary Spanish program to jump-start your students’ language education.

## Multifaceted Approach

Through reading, writing, speaking, and listening activities, students become familiar with real-life language and proper grammar. The program also covers culture and history so that students become acquainted with context early on.

**Kit A now includes the new DVDs with videos introducing vocabulary and culture. Videos are also available on BJU Press Trove.**

## Pasaporte al español Kit A (Grades 1–3)

Kit A provides progressive steps that build a foundation for students as they listen and learn to speak, read, and write the language.

### Lower Elementary

For Teachers

**Pasaporte al español Kit A (Grades 1–3) 503.25**

For Students

Worktext Step 1 (Grades 1–3)	31.00
Worktext Step 2 (Grades 1–3)	31.00
Worktext Step 3 (Grades 1–3)	31.00

Optional CD Set

CD Set (4 CDs included in Grades 1–3 kit) 111.00

*\*Pasaporte al español Kit A includes teacher edition (Steps 1–3), student worktexts (Steps 1–3), charts, CD set (4 CDs), read-aloud books, and a hedgehog hand puppet named Choco.*

## Pasaporte al español Kit B (Grades 4–6)

Kit B builds on the Kit A foundation (or its equivalent). Students will practice listening, speaking, reading, and writing the language as they learn more about Spanish vocabulary, grammar, and culture.

### Upper Elementary

For Teachers

**Pasaporte al español Kit B (Grades 4–6) 503.25**

For Students

Worktext Step 4 (Grades 4–6)	31.00
Worktext Step 5 (Grades 4–6)	31.00
Worktext Step 6 (Grades 4–6)	31.00

Optional CD Set

CD Set (4 CDs included in Grades 4–6 kit) 111.00

*\*Pasaporte al español Kit B includes the teacher edition (Steps 4–6), student worktexts (Steps 4–6), charts, CD set (4 CDs), read-aloud books, and an iguana hand puppet named Nacho.*

**Kit B now includes the new DVDs with videos introducing vocabulary and culture. Videos are also available on BJU Press Trove.**

**Note:** The teacher should have a basic knowledge of Spanish grammar and pronunciation to teach effectively.

# Additional Resources

## Math

### Backyard Math with Zac

As a supplemental review or home enrichment, Zac and Mrs. Walker will enhance your first-grade math learning experience.

204610 *Backyard Math with Zac* DVD Set (2 DVDs; 180 min.; Grade 1) 19.95

## Reading

### Up the Ladder

Ten paperback readers for beginners with each book containing three two-page stories and a word-family drill at the end.

109223 *Up the Ladder* (10 supplemental readers) 12.60

### The Starting Line

Twelve storybooks for beginning readers.

109363 *The Starting Line* (12 storybooks; Grades K5–1) 18.00

### Take-Along Stories

Stories for first- and second-grade-level readers with vocabulary adapted especially for new readers.

087221 *Take-Along Stories 1* (16 storybooks; Grades 1–2) 18.00

182196 *Take-Along Stories 2* (10 storybooks; Grades 1–2) 18.00

## BJ BookLinks

# Testing & Evaluation

## Online Testing: Testing Made Easy

BJU Press offers online testing with *DataManager*.

### Benefits of online testing

Fast Results (as soon as 2 days)

No physical materials—  
no shipping or storage!

### Introducing the BJU Press Testing Advantage from Riverside Insights

Our new, low-cost packages allow expanded access to the Riverside suite. Bundling options per student package include multiple uses of:

- *Iowa Assessments* surveys for admissions testing
- *Iowa Flex* testing for benchmarking and immediate adjustments to instruction
- Use of full conventional spring/fall testing (*Iowa Assessments* with or without *CogAt*®)

For more information on products, set-up, technical readiness checks\*, prices, and more, please see [bjupress.com/testing/online](http://bjupress.com/testing/online)

\*Online testing is subject to the school's hardware and bandwidth as well as the availability of the *Iowa Assessments* Form E in your area.

## Paper-and-Pencil Testing

Results for *Iowa Assessments*™ are typically available in 10–20 business days.

### Purchase Tests

Save money over time

- Order materials once to keep
- Order answer booklets/documents and scoring annually

### Service Package

One easy order provides

- One-time use of testing/directions booklets
- Answer booklets/documents
- Test scoring

See [bjupress.com/go/order-tests](http://bjupress.com/go/order-tests) for more information on these options, FAQs, and order placement.

### *Iowa Assessments*™

BJU Press offers a quality testing experience with *Iowa Assessments*™, Form E (©2012, normed in 2017).

Benefits include:

- **Lexile® Framework for Reading** and **Quantile® Framework for Mathematics** for Grades K5–12.
- Great opportunity to measure incoming students.
- Demonstration of a school's academic success
- Testing students in areas like math, reading, language, science, and social studies.

### Testing with *CogAT*®

In addition to annual achievement testing, assessing student potential in certain grades is invaluable. The *Cognitive Abilities Test*™ (*CogAT*®) is a great tool for this.

Benefits include:

- Ability profile to help sharpen student skills.
- Identification of gifted students.
- Information on how individual students learn.
- Testing students in verbal, quantitative, and nonverbal areas.

## Additional Tools and Resources

### *Iowa Algebra Aptitude Test*™

Find out whether your students are ready for algebra by using a simple, quick, and self-scoring test. Recommended for Grades 7–8.

### Our customers say . . .

"We love this testing! It's thorough and shows exactly where the gaps are and where we are excelling. This isn't our first year using it and it definitely won't be our last either."

"I highly recommend Iowa testing through BJU Press. I was nervous about online testing, but the staff walks you through the whole process. They are very responsive."

## Additional Technology Resources

Because we are committed to equipping teachers with all the resources they need for success, our technology resources work to enhance the value of BJU Press materials. Each technology resource is designed with teachers in mind to make high-quality, useful content easily accessible. We offer homework help, professional development, educational resources, test curation, and much more across our easy-to-use, affordable technology resources platforms.

# AfterSchoolHelp

AfterSchoolHelp.com

## Extra Help Whenever They Need It

Your students can access free tutorials and extra practice for their BJU Press math, English, and Spanish courses when they use **AfterSchoolHelp.com**. All material is searchable by chapter and lesson numbers from BJU Press textbooks.

This student resource offers speed drills for elementary grades, supports English 4–12, math, Spanish, physical science, and chemistry.

## Available Courses

### Math

- Math 4–12
- Consumer Math
- Speed drills

### Language Arts

- English 4–6
- Writing & Grammar 7–12

### Spanish

- Listening selections

### Science

- Physical Science
- Chemistry

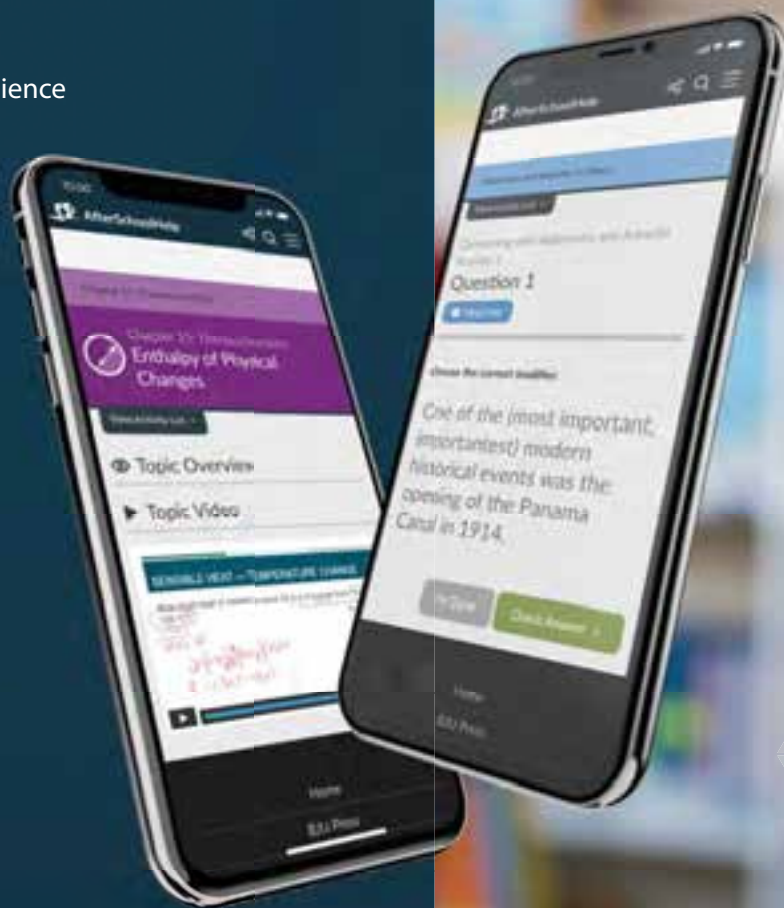

AfterSchoolHelp.com provides free access to extra resources such as:

Video Tutorials

Practice Activities

## Integrate Our Textbooks by Using Curriculum Trak

BJU Press is offering two new ways to make it easier to integrate our textbooks into your curriculum!

1

Course maps of BJU Press materials, objectives, resources, and strategies

2

Create your own custom curriculum maps with Curriculum Trak software

We have partnered with Curriculum Trak to create detailed maps of our materials. These maps give all objectives, topics, resources, biblical integration concepts, and instructional strategies for each textbook. Find BJU Press curriculum maps at [bjupress.com/go/curriculum-maps](http://bjupress.com/go/curriculum-maps)

Curriculum Trak offers software designed for schools to easily build your own custom curriculum maps. Learn more about CT software at [curriculumtrak.com](http://curriculumtrak.com)

# Christian Classroom Online

## Streaming Video Classes for Your Needs

Use Christian Classroom Online video classes to support your school's curriculum offerings. Christian Classroom Online courses are pre-recorded video lessons led by experienced teachers available through video streaming. The interface allows the facilitator or individual student to easily navigate through daily lessons and access additional resources. Each course includes

- engaging, inspiring teachers who have a passion for their students, for Christ, and for their content,
- approximately 180 lessons with preset assignments,
- a variety of instructional strategies,
- support materials for facilitators,
- additional resources for expanding the material, and
- access to reproducible copies of ancillary student materials.

## Contact your Precept Sales Representative

at [preceptmarketing.com/rep](http://preceptmarketing.com/rep) or BJU Press customer service at 800.845.5731 to get started.

# New Courses for 2024

**Footsteps for Fours**  
(3rd ed.)

**Science 3** (5th ed.)

**Heritage Studies 3**

# Facilitator View

## Classroom License (Option 1)

A classroom license allows a single school facilitator to offer up to 8 courses. The facilitator presents the videos to each classroom, and the video directs the students' learning and assignments. The facilitator manages the classroom, supplies handouts, and grades assignments and tests.

### Option 1 Facilitator Login

The facilitator's account allows the facilitator to easily follow the planned video schedule. With Option 1, facilitators have access to PDF versions of teacher editions and materials produced by the CCO teacher of each course, including reproducible student handouts with answer keys, reproducible tests and quizzes with answer keys for Grades 5–12, a video lesson guide, and additional instructional aids.

### Benefits and Uses

- Includes courses you would not be able to offer in the absence of a qualified teacher
- Great resource for substitute teachers
- Teaching reference for new teachers or teaching a new course
- Offers quality instruction in a multi-grade classroom

*Some courses might use a previous edition textbook. Check the CCO Order Form pages for details.*

### COST

- \$169 for up to 8 courses (only one course may be viewed at a time)
- Separate purchase of required BJU Press student editions and worktexts, activities or lab manuals (all grades), and printed tests (Grades 1–4 only)
- Optional: preprinted CCO student handouts

### REPRODUCIBLE MATERIALS

- Grades 5–12 receive reproducible tests and quizzes in the facilitator resources
- Reproducible CCO student handouts available in facilitator resources

See order form on pages 121–27 for required printed materials.

## Individual Student License (Option 2)

Individual student registrations give the full benefit of Christian Classroom Online licenses. Students learn independently at their own pace from a passionate teacher whose video instruction is tailored to individual learners in a virtual environment. A facilitator will still need to be available to monitor students' progress, give assistance, grade assignments, and answer questions. Tests and quizzes can be taken online and automatically graded for Grades 5 and up. The facilitator will also have access to a complete online gradebook to generate reports or export grades to a different system.

### Option 2 Student and Facilitator Login

The learning management system makes it easy for the classroom facilitator and students with an individual license to navigate daily work and keep track of progress. Facilitators for Individual Student Licenses (Option 2) will enjoy access to digital teacher editions to assist students, auto-graded tests and quizzes (Grades 5–12), and activity reports to track each student's progress. Students can easily follow the planned video schedule and access associated eTextbooks.

### Benefits and Uses

- Credit recovery for new students
- Access to remote learning for students who need it
- Accommodate unique scheduling needs
- Offer quality instruction in a multi-grade classroom
- Online auto-graded tests and quizzes for Grades 5–12
- Included eTextbook for all nonconsumable textbooks for Grades 1–12

### COST

- Single student per course: \$89–\$119
- Single student per grade: \$229–\$569
- Purchase of required BJU Press worktexts, activities or lab manuals (all grades), and printed tests (Grades 1–4 only)
- Optional: printed textbooks for corresponding eTextbooks (see special pricing in the order form)
- Optional: preprinted CCO student handouts

See order form on pages 121–27 for required printed materials.

# Bring a Biblical Worldview into Your Classroom

## Biblical Worldview Formation in Education

(ED 275)

Are you looking for tools to improve biblical worldview shaping in your classroom? Dr. Bryan Smith's course, *Biblical Worldview Formation in Education*, helps Christian educators take the next step in making a biblical worldview central in their classrooms.

Dr. Bryan Smith, Director of Biblical Worldview at BJU Press, has created a course for Christian educators. This course meets the needs of Christian teachers who desire to improve their skills in biblical worldview formation.

In this course, you'll see how a biblical worldview is essential to each academic subject. You will also gain knowledge to create a classroom environment infused with a Christian philosophy of education.

### This class provides opportunities to:

Distinguish a secular approach from a Christian approach to education.

Develop a strategy for biblical worldview shaping in the classroom.

Design lesson plans that foster meaningful biblical integration in the classroom.

Evaluate Christian educational materials.

Write a personal Christian philosophy of education.

Earn CEU Credits.

Visit <https://www.bjupress.com/go/bwc> to learn more!

This regionally accredited course is offered online through BJU SCOPE Continuing & Professional Education.

## Credit

The person who signs this order form or places an order with BJU Press by telephone authorizes the purchase and agrees to pay for the same under the following terms:

- **New Accounts:** To establish a new account, please enclose the name of your bank and the names, addresses, account numbers, and phone numbers of three companies with whom you have established credit. Include 25% of initial order as down payment.
- **Credit Terms:** All invoices are payable upon receipt and are due within 30 days. A service charge of 1.5% per month will be added to all balances due longer than 30 days.

**Note:** Delinquent accounts must be brought to current status before any additional orders will be processed. If collection is necessary, all collection fees are the responsibility of the purchaser.

- **Individuals:** Call 800.845.5731 for ordering information.
- **International Accounts:** Overseas accounts **must be prepaid** in United States funds. Add 40% for surface shipment (customer is responsible for loss or damage), or add 70% if air shipment is desired (\$30.00 minimum). We will bill the difference if actual shipping cost exceeds estimated amount. Please contact [international@bjupress.com](mailto:international@bjupress.com) for special shipping arrangements and other customized assistance.
- **Questions:** If you have questions about our credit policies, please call our credit department at 866.879.2966.

## Shipping

- **Any shipping discrepancies or damages must be reported within 10 days.**
- Transit times begin when the shipment leaves the shipping department. Should there be back-ordered items, we will ship them through our primary shipper whenever possible.
- All orders to Alaska, Hawaii, and most Trust Territories will be shipped Priority Mail through the postal service. Please allow extra time when ordering. However, expedited orders may be shipped by a priority service for an additional charge. Loss or damage of orders shipped book-rate will be the responsibility of the customer.
- We offer a separate shipping service to our Canadian customers. All product charges, including brokerage fees and taxes, will be included on one invoice. This service is available for orders that do not require freight transit. Loss or damage of orders shipped via U.S. mail are the responsibility of the customer.
- All orders will be processed when received. We cannot hold orders for a later shipping date.
- Local orders can be picked up at our distribution facility. Pickup orders are usually ready within 4 business days. An email will be sent to you indicating that your order is ready for pickup.

BJU Press Distribution Center  
134 White Oak Dr.  
Greenville, SC 29607-1218

## Delayed Billing

Orders received between April 1 and July 15, 2024, qualify for a September 1 invoice date, subject to the following terms:

- Orders must be at least \$1,000.
- Orders are placed on behalf of a conventional school.
- The school must request delayed billing at the time of ordering.
- Credit history of the school must be acceptable and the account current.
- The order will not be held for a later shipping date.

Delayed billing does not apply to Testing & Evaluation orders.

## Examination Policy

Contact your local Precept sales representative or call 800.845.5731 to order examination kits (review copies of textbook materials) with free shipping.

- Examination materials may be kept at no charge for 90 days (you will receive a temporary invoice).
- Pay for any items you wish to keep.
- Return remaining items in good salable condition to BJU Press within the 90-day examination period. Credit will be issued for returned items. Contact your Precept sales representative or customer service for a free return label.
- Examination copies are only available to conventional schools in the United States or its territories.
- The number of books available for examination is subject to approval.

**Please contact your regional Precept representative at [preceptmarketing.com/rep](mailto:preceptmarketing.com/rep) to request examination copies or extended periods.**

## Returns

Please ship all returns to the following address:

BJU Press Distribution Center  
134 White Oak Drive  
Greenville, SC 29607-1218

Books and materials may be returned subject to the following conditions:

- **The customer has contacted customer service to receive a return merchandise authorization (RMA) number.**
- Returns are made by the original purchaser.
- All returns (other than examination copies) will be assessed for a 10% restocking fee. Books returned **after** 90 days will be charged an additional 10% restocking fee then and for each additional month past the deadline. Refunds will not be issued on materials returned to us after 12 months from the shipping/invoice date. All unacceptable materials will be disposed of without credit.
- On the packing slip or invoice, please indicate items being returned and note the quantity of each item.
- Returns must be in good salable condition (undamaged and unmarked). We recommend all material be insured by your carrier of choice with a copy of the packing slip or invoice in each box.

Please call immediately should you receive defective or damaged materials. We will provide information about returning the items and obtaining replacements. Defective and damaged materials should be returned **within** 30 days of notifying BJU Press.

## Pricing

- **Prices are effective February 1, 2024, and are subject to change without notice.**
- Wholesale prices are available only to organizations, such as conventional schools, churches, and bookstores.
- Please remit in **United States** funds.

## Taxes

We must collect your **state and local** sales/use tax. Unless you have provided us with a copy of your tax-exemption or resale certificate, we will add your state and local sales/use tax (including sales/use tax on shipping charges in states where applicable). Tax-exempt orders must be paid by the tax-exempt organization (no personal checks or personal credit cards). Tax will not be credited after a sale. For questions, please contact our business office at 866.879.2966.

# Christian Classroom Online Order Form

## Textbooks & Printed Materials for Options 1 and 2

All subjects give facilitator access to needed course information and teacher-prepared handouts. Reproducible versions of facilitator and student packets included with CCO facilitator login. Printed copies included with DVDs.

An eTextbook is included with this subject in CCO, Option 2. Printed student text is optional. Special student text price at 35% discount offered to schools using Option 2.

K4–Grade 4: No tests/quizzes included with facilitator login. Test packs and answer keys recommended.

Grades 5–12: Reproducible tests/quizzes included with facilitator login and/or facilitator packets. Online tests/quizzes available with CCO, Option 2 only (see page 97).
