

# Bible 11 Biblical Worldview

EDITION COMPARISON

NEW

## Updates

This edition is a complete rewrite of both the teacher and student editions, with an updated scope and sequence, new chapters, and deleted chapters. It introduces a new teaching approach in both the student and teacher editions. Objectives have changed considerably, and student edition content is now tied to specific objectives at the paragraph level. This edition adds four recurring activities—case studies, primary source analyses, webquests, and apologetics activities—to provide practical points of application for Bible truths.

*Because of these changes, this edition is not compatible with its predecessor.*

2nd Edition

1st Edition

## Content Updates

- Reduced number of chapters from 27 to 25
- Added chapter summaries and comprehensive Chapter Reviews
- Increased technology connection through video, video projects, webquests, and PowerPoint presentations
- Created units on gender, science and technology, and changing the world, highlighting culturally relevant topics such as gender issues, phone use, artificial intelligence, feminism, male chauvinism, and more
- Created a more robust treatment of a Christian's view of culture/cultural engagement
- Removed unit on history
- Made a distinction between Creation and Redemption chapters
- Eliminated the activity manual and replaced it with activities woven through the student edition
- Clarified objectives and course expectations and clearly connected them to assessments
- Improved the biblical worldview paradigm with an emphasis on interacting with culture and defending the faith
- A rewritten Unit 9 focusing on how Christians should interact with entertainment and the arts from a biblical worldview
- An apologetics strategy known as "two complementary moves" showing students how to defend the faith effectively

## Special Features

- A new portfolio project instructing students to create a website to showcase all classroom projects
- Case Studies, Apologetics activities, and Webquests special sections that give students real-life application opportunities
