

Does your child struggle in some subjects? BJU Press offers solutions for parents, teachers, and students using our English writing and grammar, math, science, and Spanish. It also includes extra practice for basic math skills and 3rd- or 4th-grade textbooks.

AfterSchoolHelp.com is a digital tutor designed to help students who struggle or to simply provide extra nongraded practice assignments for difficult concepts. Lessons contain explanations as well as numerous practice questions and a summary after the practice questions to ensure that each student grasps the concept completely.

On *AfterSchoolHelp.com* your child will find practice questions, listening activities, and video tutorials for

- English writing and grammar (Grades 4–12)
- Math (Grades 4–12)
- Physical Science and Chemistry
- Spanish 1 and 2 (listening activities only)
