School Testing User Agreement

Overview

- Tests may be used **for private school students** or home-school students who are taking the test at your school.
- Public school students are prohibited from taking these tests or gaining access to them from any source other than their school.

Materials

Due to the high volume of orders between March and June, please place your order **at least 6 weeks before your test date.**

Purchased Tests

If your school has purchased the test materials, you may keep those materials. However, the test materials are to be used only by your school and must be destroyed when you decide to no longer use them.

Results

- Test results are typically posted electronically on your school's account within 10 business days of our receiving the completed tests. (Allow 2 extra weeks for processing during May and June.) Printouts of test results may be requested from BJU Press for an additional fee.
- Test results and interpretation guides are posted to the purchaser's account.
- Tests that require scoring with spring (end of school year) norms must be completed and postmarked for return by August 15. Any tests received after that date will be scored with fall norms, and tests needing the spring norms will incur an adjustment fee.
- For questions regarding the accuracy of test results, contact our office within the six months after the scoring has been done.

Test Publisher Guidelines

- **Tests ordered through BJU Press may not be administered to public school students.**
- All test materials are secure and confidential and **may not be viewed** by anyone other than the student and approved administrator during testing. The test should not be self-scored, and the test content may not be discussed with any parent, student, or any other individual before, during, or after testing.

- It is unethical to use these tests as practice for any other test administration or to administer any other achievement/abilities test within a 3-month time period to the same student.
- Copies of the test cannot be made or distributed elsewhere.
- All test administrators must meet the test publisher's requirements as listed below.
- Stanford tests are available to private schools of any size within the United States; overseas private schools are limited to a K5–Grade 12 maximum enrollment of 500 students. The Iowa Tests® and *Iowa Assessments*™ are available to private schools with a K5–Grade 12 maximum enrollment of 2,999 students. Riverside™, the publisher of The Iowa Tests® and *Iowa Assessments*™, has also made the tests available to Catholic and Seventh Day Adventist schools with a maximum enrollment of 99 students. Other exceptions are possible—please contact us with questions.

Qualifications for administering the Stanford Achievement Test Series—Purchase

Testers must meet the following criteria:

- Have a Bachelor of Arts and/or Science degree and
- View the BJU Press Stanford 10 Administrator Training video. (Instead of viewing our video, you may have full-time teaching experience or current state certification as well as standardized testing experience.)

Qualifications for administering The Iowa Tests/*Iowa Assessments*™—Purchase

Testers must have/be **one** of the following:

- A Bachelor of Arts or Science degree
- Teacher certification by a state department of education to teach in a public school (Homeschool or local association certification does not qualify.)
- A current (or former) full-time academic classroom teacher in a conventional school (not a homeschool)

If you have questions about your eligibility as a tester, please contact BJU Press Testing & Evaluation at **800.845.5731** or **testing@bjupress.com**.
