

What did he learn
in the spring?

Would he benefit from
a bilingual program?

What did he forget
over the summer?

Is he prepared to move on?

How can we assess
learning while teaching?

Does he need to be
challenged more?

What if We Knew...

Educators have questions about their students. For every stage and every learner, getting those answers just got easier.

Introducing **Academic Insights Bundles**: Online solutions for a variety of educators including administrators, program coordinators, teachers, and everyone in between.

Test Online for Insights to Inform Each Stage of the Teaching and Learning Cycle

Academic Insights Bundles introduce an easier and more cost-effective way to gain the insights you need for every student.

Insights Need:

How the Academic Insights Bundles Can Help:

Benchmark student growth and guide instruction

Use the *Iowa Assessments* Survey or Single Subject to flexibly track growth and skill proficiency throughout the school year.

Measure student ability and potential

Use *CogAT*® to understand how students prefer to learn and to guide decisions on program placement aligned to student needs.

Benchmark the performance of Spanish speakers

Use *Logramos*® to understand students' achievement in their native language.

Gauge student learning

Use the *Iowa Assessments* to understand student learning levels, evaluate program effectiveness, and measure impacts on student growth.

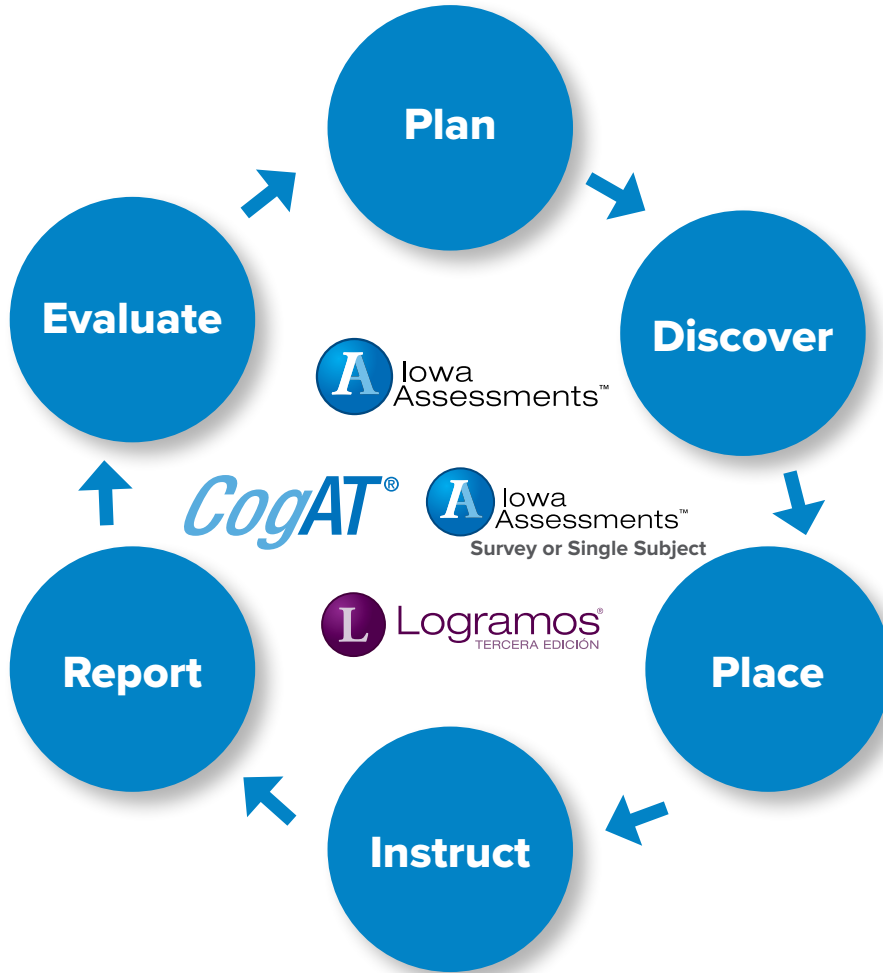

Access Assessments for Every Stage of the Learning Cycle:

6. Evaluate: understand the effectiveness of curriculum and programs; gauge student mastery; utilize growth metrics to define success

5. Report: evaluate patterns in student outcomes to understand effectiveness of strategies to achieve learning goals

4. Instruct: deliver instruction, adapting to classroom, group and individual student needs

1. Plan: outline learning goals; implement new strategies to continue unlocking student potential

2. Discover: gauge ability for how students learn best; benchmark achievement levels and identify learning gaps

3. Place: match students with programs tailored to serve their personal learning needs

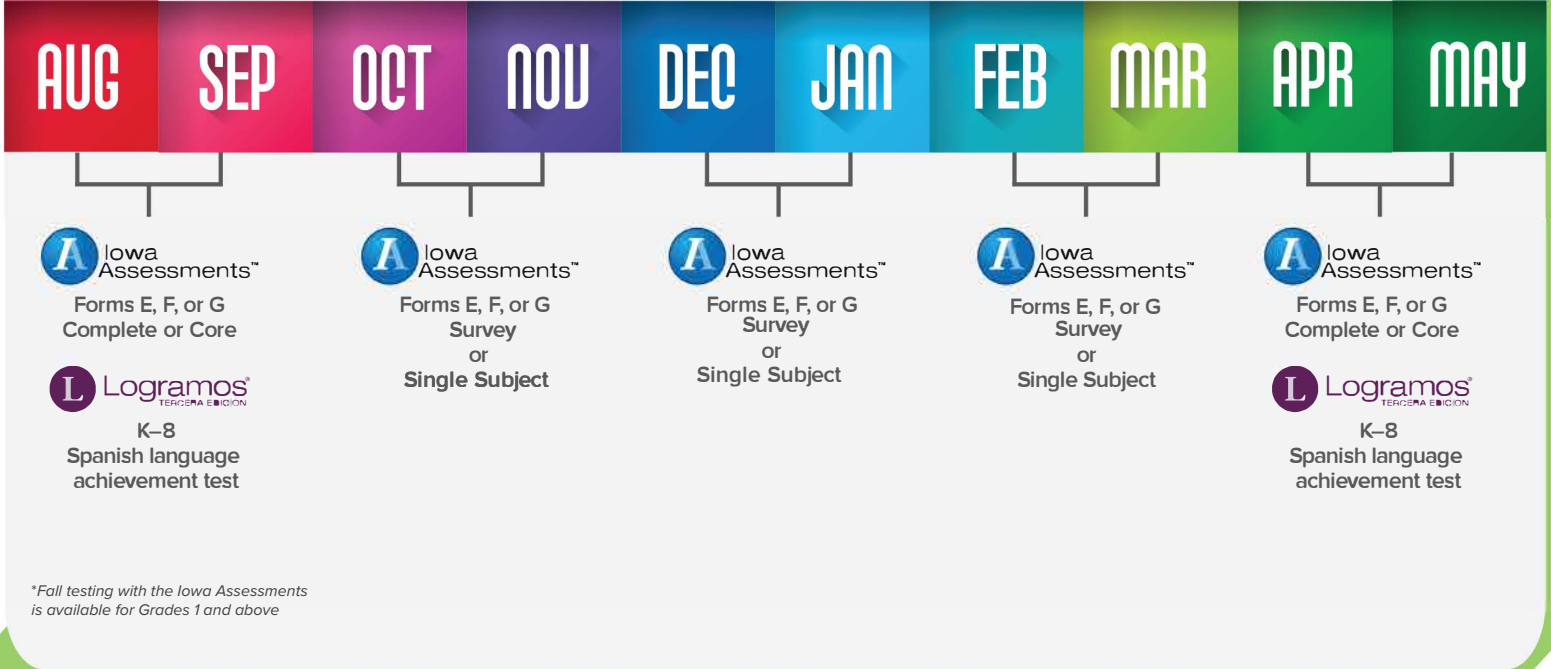

Get answers to questions during every stage.
