3. Select "Add to Chrome."
4. In a Chrome browser, navigate to your extensions (<chrome://extensions>).
5. Check the "Developer Mode" box at the top of the page.
6. Find DataManager in your list of applications and copy the ID field (or use ID: gngadipbljmmcgjflidckpbgebnehod).
7. Select "Manage Kiosk Applications" to enter app ID.
 - Select "Add."
8. To securely use DataManager:
 - Sign out of your account.
 - On the login page, select your list of apps.
 - Select HMH DataManager.
9. To exit the app:

At the end of testing, you will be brought back to the login page on the app.

 - Select the 'back' arrow;
 - X out of the app.

Another option is to turn off your Chromebook, then turn it back on.
