

Chapter One

Charles and Oliver are looking for food
in the Captain's cabin.

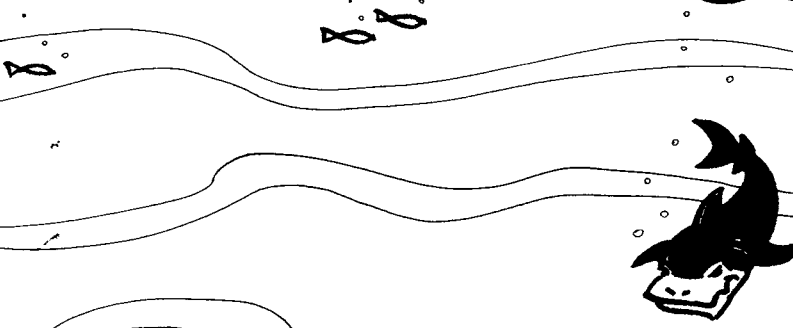

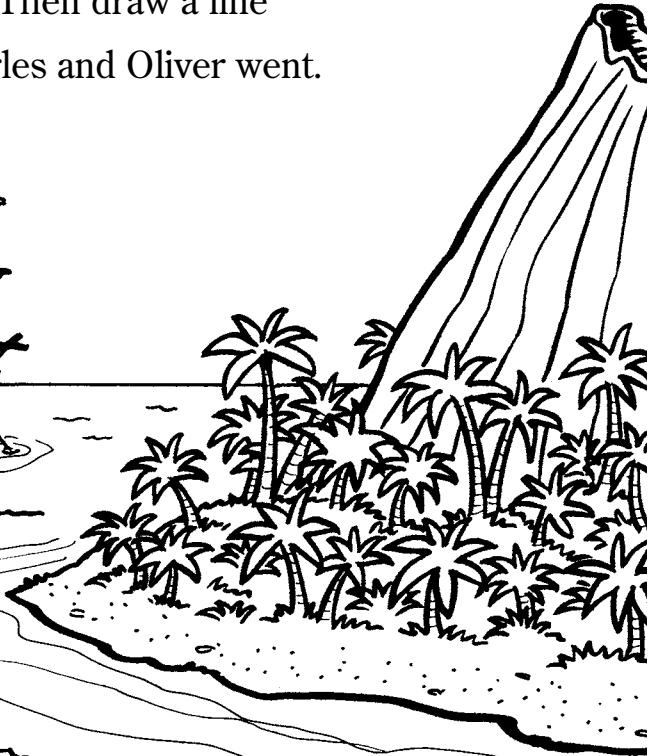

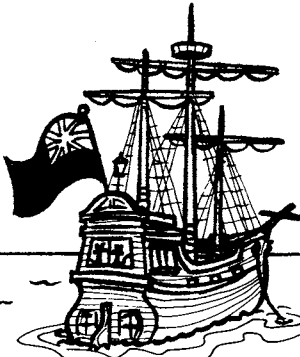

Find these hidden foods in the picture below.

Chapter Two

Read Chapter Two. Then draw a line to show where Charles and Oliver went.

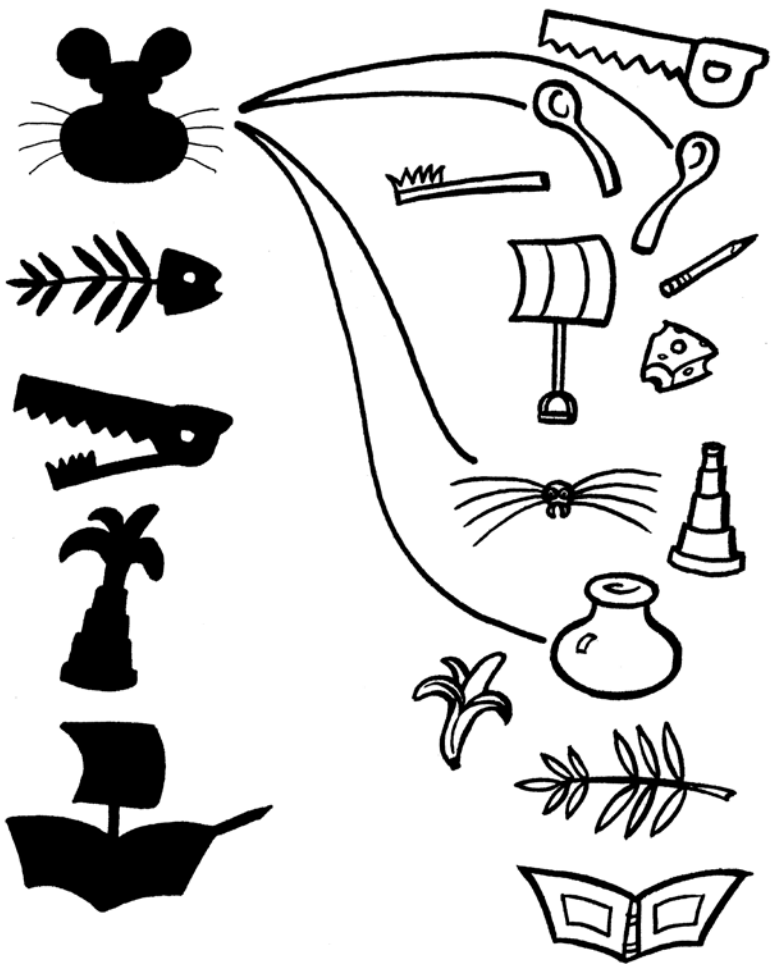

See answers, page 14.

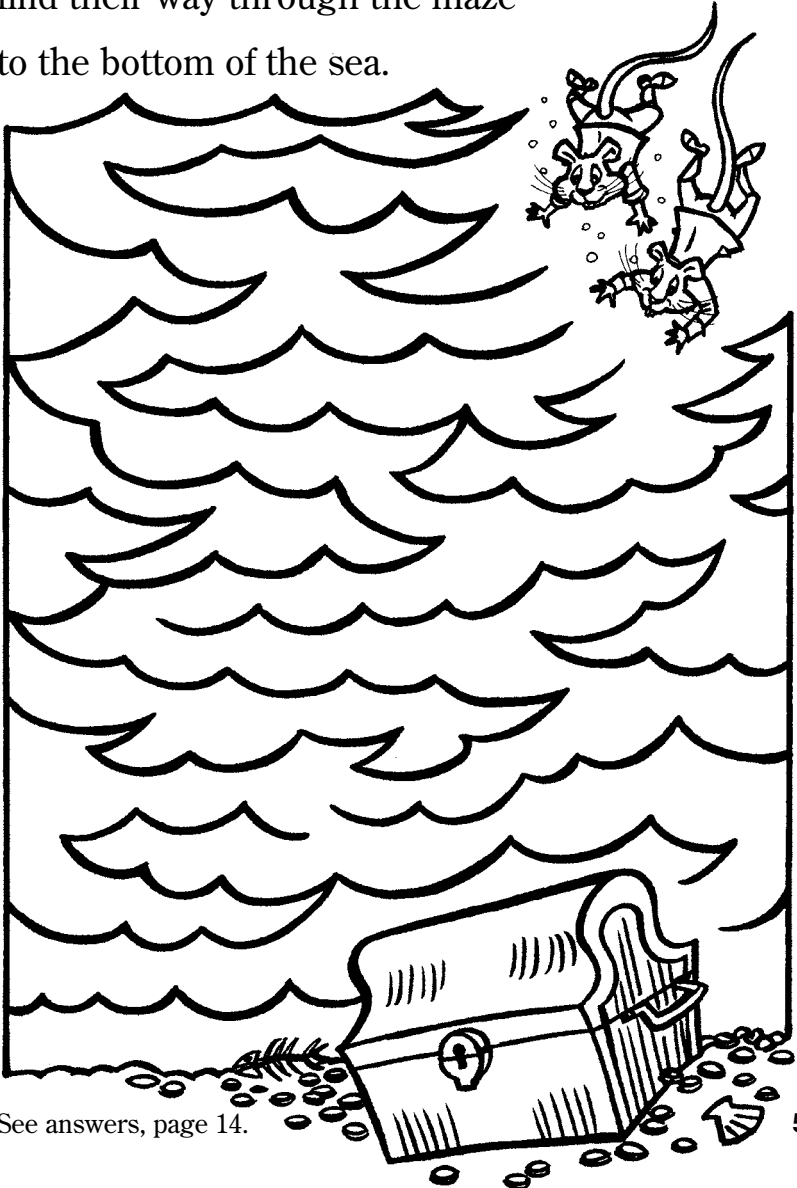

Chapter Three

Look carefully at these unusual shadows.
Then draw a line from each shadow to all
the objects that could be combined to make
that shadow. The first one is done for you.

Chapter Four

Charles and Oliver are looking for the Queen's treasure. Help them find their way through the maze to the bottom of the sea.

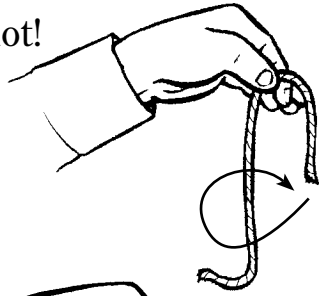

See answers, page 14.

Chapter Five

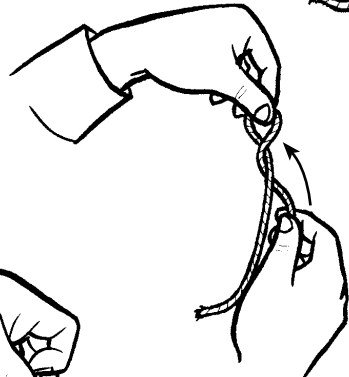

Try Mr. Calico's figure-of-eight knot!

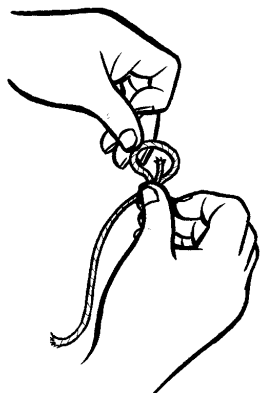

1. Cut a piece of cord as long as your arm. Hold it like this.

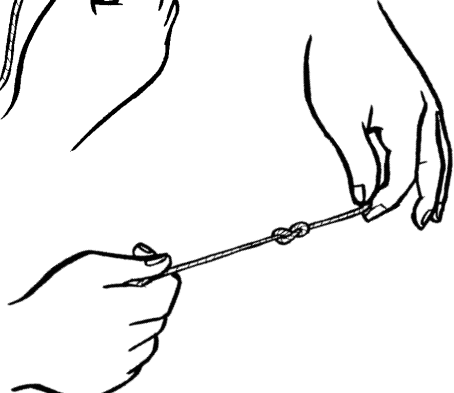

2. Take the short end and wrap it around and under . . .

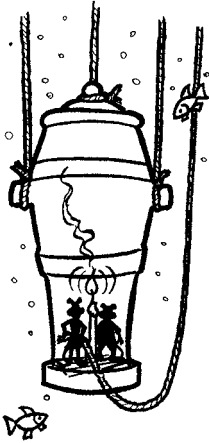

3. Thread the short end through the loop . . .

4. And pull the knot closed!

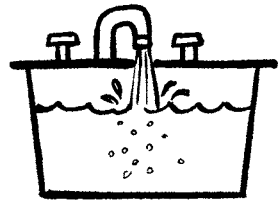

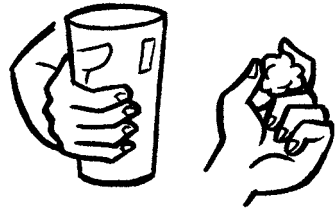

Now try this!

You can learn how bell diving works, just like Charles and Oliver did.

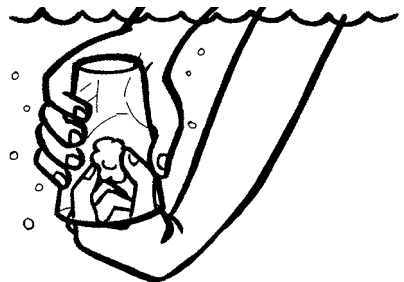

1. Fill a sink or large bowl with water.

2. Take an empty glass in one hand and a dry cotton ball in the other.

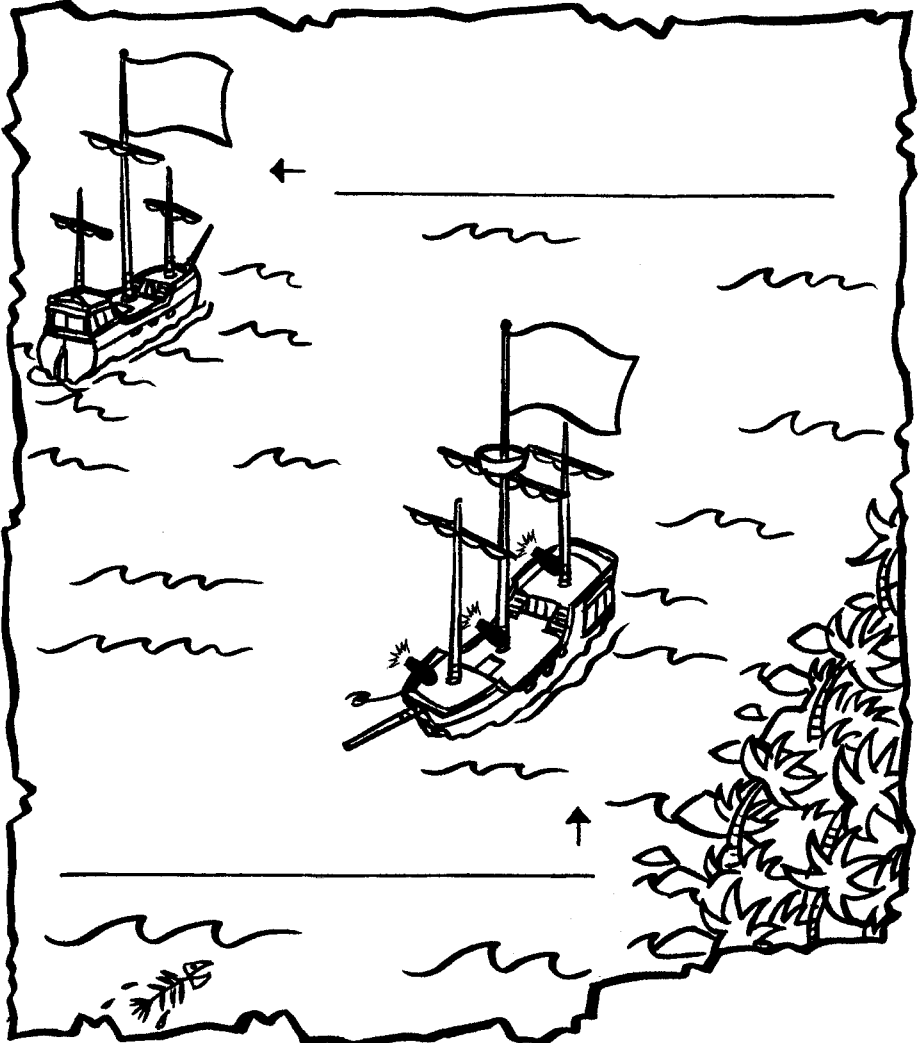

3. Tip the glass upside down and hold the cotton ball inside. Then dip it all under the water. The cotton will stay dry!

Chapter Six

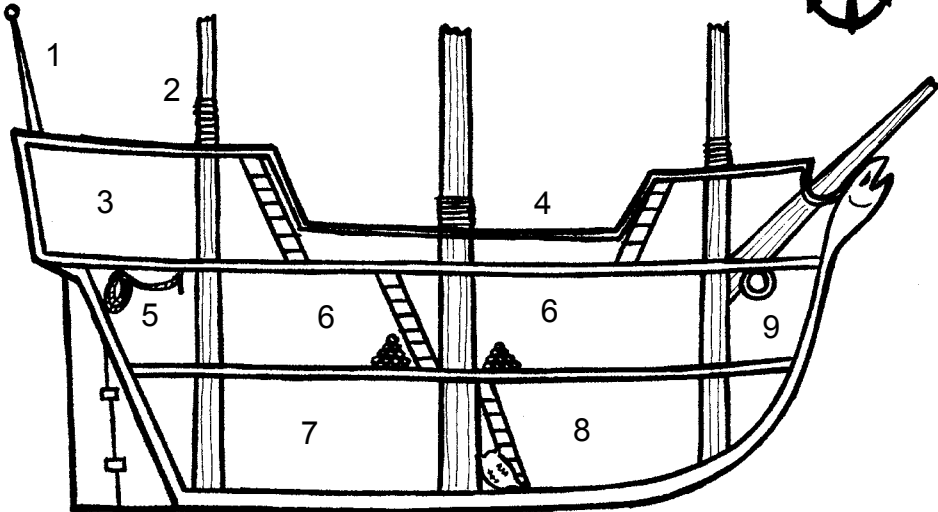

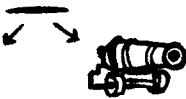

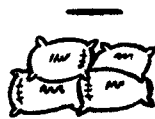

Read Chapter Six. Then write each ship's name on the line near it and finish each flag.

(HINT: notice which ship has cannons.)

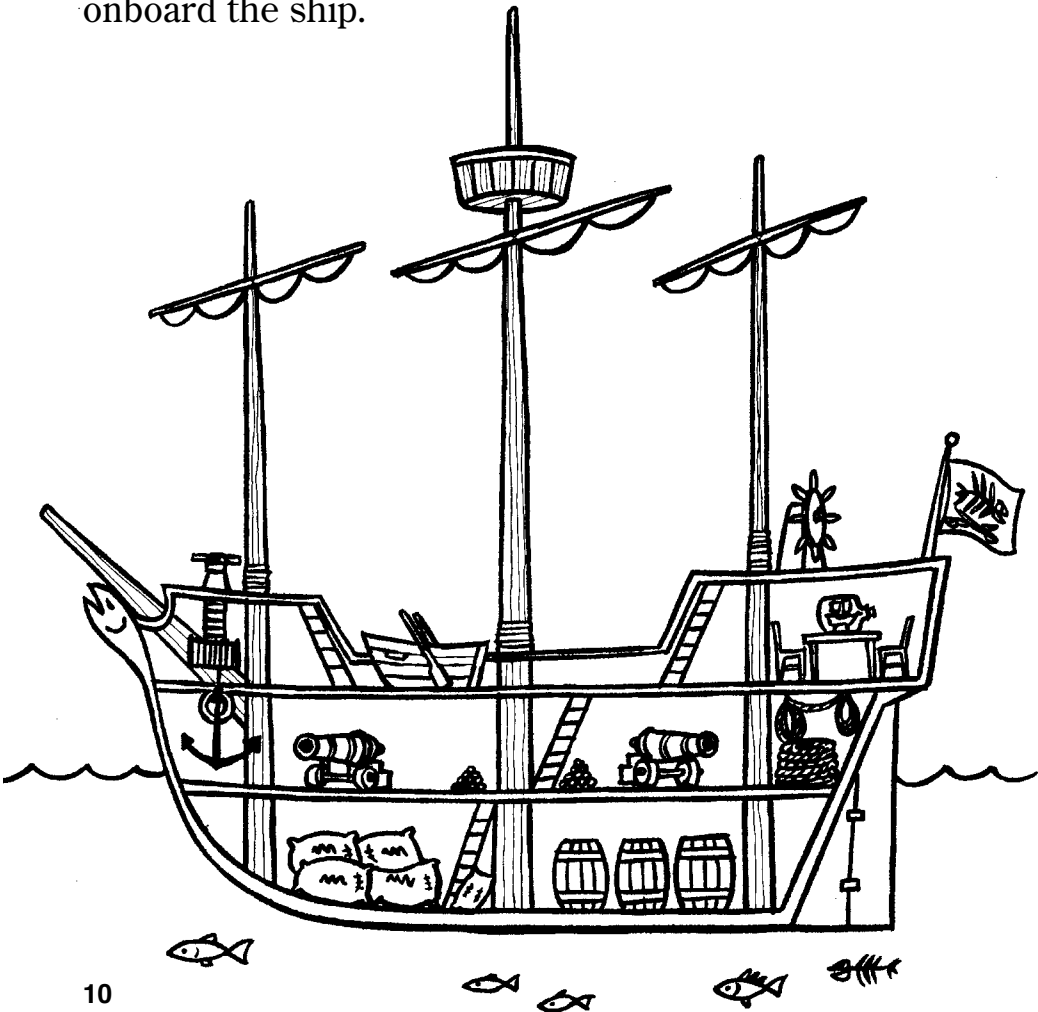

Chapter Seven

Put a number above each picture to show where it goes on the ship.

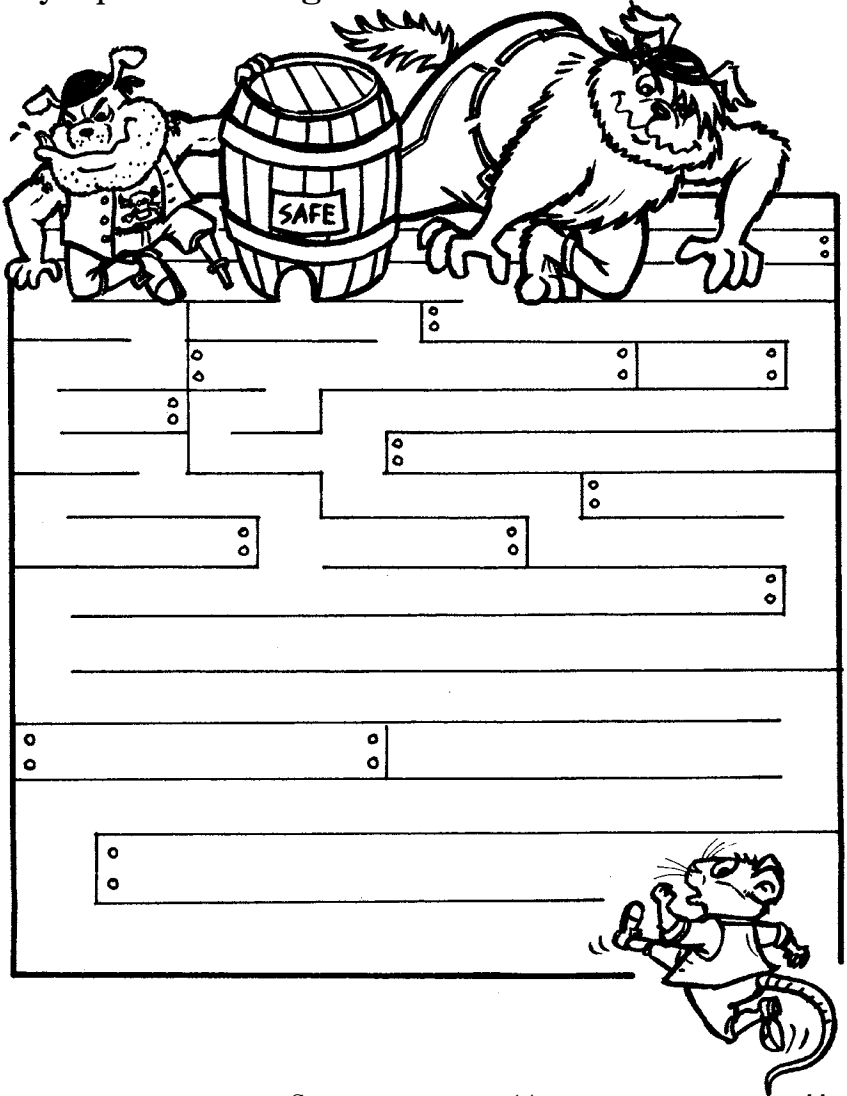

Did you get everything in the right place? Now draw some pirate sea dogs onboard the ship.

Chapter Eight

Help Oliver find his way through the maze to the barrel. Don't let him get caught by a pirate sea dog!

See answers, page 14.

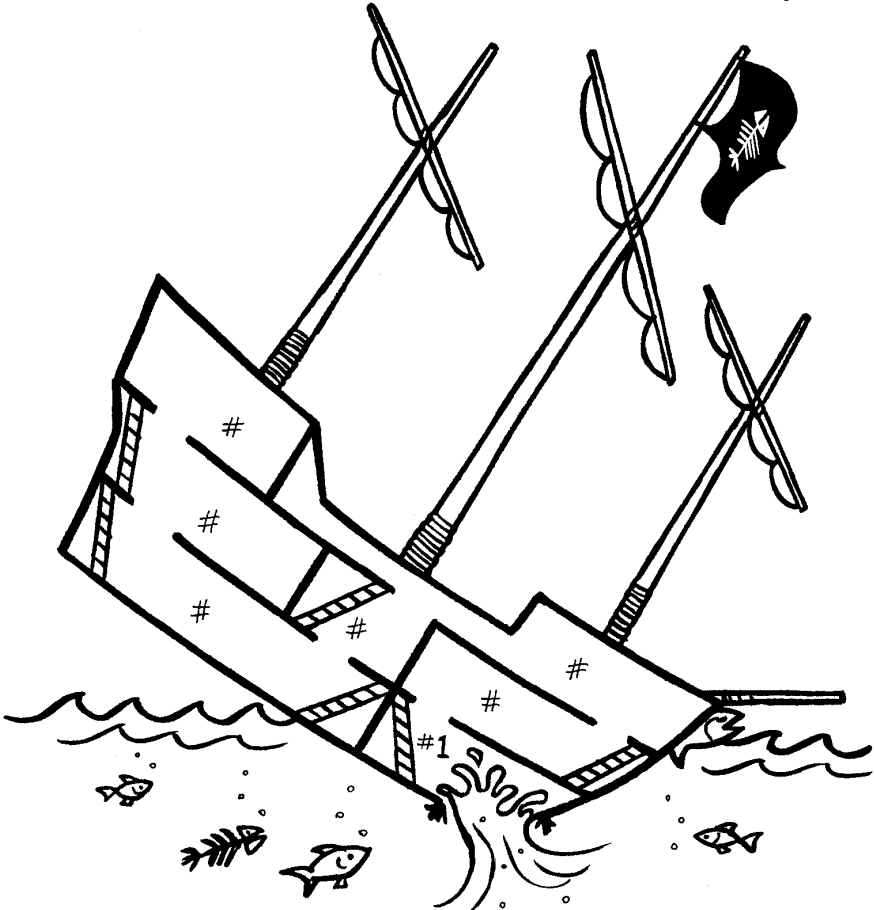

Chapter Nine

This ship is sinking!

Find the number 1.

Water will fill that room first.

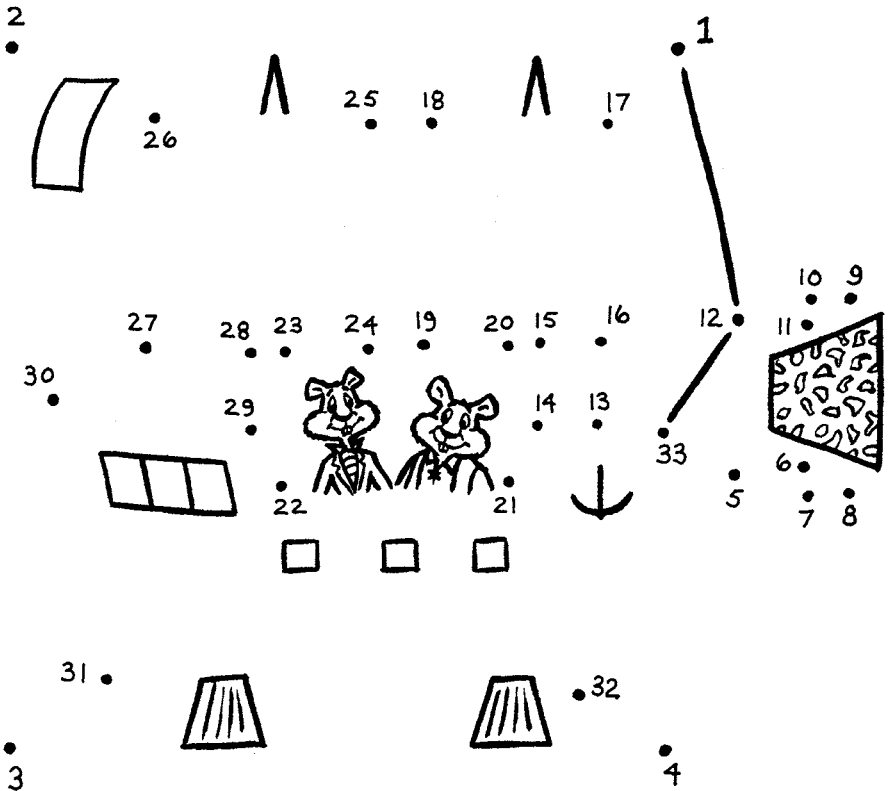

Number the rest of the rooms to show where the water will go next. Draw two mice in the safest room. Color the rooms in order with a blue crayon.

Chapter Ten

What helped Charles and Oliver to escape from the sinking *Herring Bone*?

Connect the dots to find out.
